2. *The city* of Ljubljana and how to get there

THE CITY

Ljubljana lies in an basin between the Karst and the Alps, some 298 m above sea level. We like to say that it is big enough to encompass everything one would expect from a capital city, while being small enough to allow people to retain their individuality.

Ljubljana is a pleasant city to live in. The city is home to 280,000 people. Although it is not among Europe's largest cities, it has everything one finds in other capitals: museums and galleries, one of the oldest philharmonic orchestras in the world, other orchestras, many theatres, a university, institutes and libraries.

The city's increasingly vibrant commercial and trading life and the rapid increase in foreign diplomatic representatives are giving it an ever greater cosmopolitan touch. It offers a wide variety of cafes, pubs, bars and restaurants. Relief from the hustle and bustle of life in the capital can be found in the numerous parks and woodland areas, which in some places reach nearly into the city centre.

HOW TO GET THERE

AIR: Ljubljana Jože Pučnik Airport, 20 km from the centre of Ljubljana, has good connections with other European airports. Airport shuttle buses take passengers to the centre of town.

<http://www.lju-airport.si/eng/default.asp>

RAIL: Ljubljana has good railway links with all large European cities. The railway station is in the centre of Ljubljana. Organisations in your own country may be able to offer discounts to students and others under age 26.

Train travel within Slovenia is convenient and inexpensive.

<http://www.slo-zeleznice.si/en/>

BUS: The bus is one possible means of reaching Ljubljana, but not a very comfortable one over long distances. Organisations in your own country may be able to offer discounts to students and others under age 26.

3. *University* of Ljubljana

University of Ljubljana is an institution with a very rich tradition. With its 46.000 undergraduate and post-graduate students participating in over 400 undergraduate and post-graduate study programs, it ranks among the largest universities in the world. A total of 23 faculties and three art academies employ approximately 6000 full-time higher education teachers, researchers, assistants and administrative staff.

The University of Ljubljana was established in 1919 on the foundations of a long-established pedagogical tradition. For almost half a century it remained the only Slovenian university until joined, about 20 years ago, by the University of Maribor. In 2003 the third Slovenian University was established in Koper.

The University has its seat in Ljubljana, Slovenia's capital. Nearly one-tenth of Ljubljana's inhabitants are students, which gives the city a young and lively character.

The University was founded in the centre of Ljubljana, where the central university building and the majority of its departments are located. Later on, some new, modern buildings were constructed in the suburbs.

The University is composed of three academies and 23 faculties (university departments):

LIBRARIES

Registered students are entitled to use the libraries of the university.

The National and University Library (NUK) is the main library for students at the University of Ljubljana, located in the city centre. The library contains more than 2.5 million items.

Apart from information on its own holdings, NUK also provides information and materials held by other libraries. The library provides interlibrary loans, as well as access to international online and CD-ROM databases.

The library may be used by any student possessing a student card and an identity card or passport. The membership of the library allows only in-house use for foreign students. For more information see <http://www.nuk.uni-lj.si/nukeng.asp>

The Central Technical Library is the main library in the field of natural sciences and engineering. The library contains more than 300,000 items.

To register, a student must present a student card and pay the subscription fee. <http://www.ctlk.uni-lj.si/english/index.html>

There are 39 academic libraries at the faculties and academies of the University of Ljubljana. The UL library system also includes the **National and University Library (NUK)** and the

Central Technological Library at the University of Ljubljana (CTK), which are associated members of the UL since 2003. The coordination of library management is carried out by the Vice-rector, the Library Council and the University Office of Library Services.

The basic mission of academic libraries is to provide all types of library services and information sources for study and research. While their main users are students, teachers, researchers and other UL employees, the libraries are also open for membership to other users. The UL students pay the membership fee at the home faculty or academy while enrolling and can afterwards use all the UL libraries with a student card.

STUDENT ORGANIZATION

The student organization (ŠOU) arranges activities which are not part of study programs. It is an organiser and promoter and represents students' interests. The ŠOU is active in a variety of areas of student life:

- social: student services, legal assistance, accommodation-finding services
- cultural: choirs, dance groups, publishing, radio
- sports
- international co-operation
- other extracurricular activities

The ŠOU International office is a part of ŠOU which deals with international cooperation.

The Erasmus Student Network (ESN) is a group of students at the University of Ljubljana forming a part of ESN International. ESN's main task is to participate in the receiving of exchange students, including mentorship, sightseeing and social gatherings.

ESN and international office of ŠOU organise hikes, trips, excursions and parties. All exchange students are invited to take part in these arrangements. FIRST RESIDENCE PERMIT (EU CITIZENS)

Any citizen from a European Union state can enter the Republic of Slovenia with a valid identity card or a valid passport, without a special entrance permit (i.e. a visa or a residence permit). This holds true no matter what the purpose of entry and stay in the Republic of Slovenia. For the first three months of stay in the Republic of Slovenia a person does not need a residence permit, however he is obliged to report to the Police.

In the event that the residence will exceed three months a residence permit is still obligatory. This can be obtained from the administrative office within the residential district (for Ljubljana: Tobačna ulica 5, 1000 Ljubljana). The residence permit will be issued in accordance to the conditions set by the European Union. In order to issue a residence permit to a citizen from a member state for the purpose of study the following conditions have to be met:

- A valid identity card or passport
- Evidence of enrolment at an educational institution,

- Health insurance covering all risks in the host member state,
- Sufficient means for living (higher than the level under which the host country approves social aid to its citizens (290 € per month). According to the practice of the European Union's court a statement handed in writing and signed by the student as to his means is sufficient).
- Photo (3,5 x 4,5 cm)

According to the stated directive the residence permit is granted for the period of studies or at the most for one year and can be extended in the event that the studies last for over a year.

FIRST RESIDENCE PERMIT (NON EU CITIZENS)

If you are a third-country national from a country whose citizens are required to obtain a visa to enter the Republic of Slovenia and you wish to enter the Republic of Slovenia or stay there for study purposes, you are required to obtain a visa C (tourist visa) or visa D (long term visa) at a diplomatic mission or consulate of the Republic of Slovenia abroad prior to entering the Republic of Slovenia. For the same purposes, you can enter the Republic of Slovenia and stay there for a certain period of time (for no more than three months in a six-month period, starting on the date of the first entry) on the basis of your passport alone if you are a citizen of a country whose citizens are not required to obtain a visa to enter the Republic of Slovenia. Within the 90 day period or after the expiration of Visa D, you are obliged to apply for a first residence permit at the relevant administrative unit in Slovenia (in Ljubljana: Tobačna ulica 5, 1000 Ljubljana).

If you are in **possession of a visa** issued by **another state which is party to the Schengen Agreement**, you may, during the validity period of your visa, enter the Republic of Slovenia and stay there for no longer than three months in a six-month period, which includes the combined duration of your stay in all Schengen States except for the state which issued the visa, starting on the date of the first entry into one of the Schengen States or until the expiry of visa validity if this is shorter. Within 90 days period, you are obliged to apply for first residence permit at the relevant administrative unit in Slovenia (in Ljubljana: Tobačna ulica 5, 1000 Ljubljana).

If you have a **valid residence permit** issued by **another state that is party to the Schengen Agreement**, you may enter the Republic of Slovenia on the basis of this permit and a valid travel document and stay there for no longer than three months in a six-month period, which includes the combined duration of your stay in all Schengen States except for the state which issued the visa, starting on the date of the first entry into one of Schengen States or until the expiry of visa validity if this is shorter. HOUSING

The University of Ljubljana does not provide or guarantee accommodation.

However, there are some options you can use to find your own accommodation:

- to rent a private room or flat; check: <http://www.reales-tate-slovenia.info/nepremicnine.html?p=3&n=1&r=14;>

APPLICATION PROCEDURES

If you wish to undertake a period of study at the University of Ljubljana, you should contact the **Office of International Relations** (*intern.office@uni-lj.si*) to request the application information, which is also available on this website:

http://www.uni-lj.si/international_cooperation_and_exchange/erasmus-plus-programme/incoming_students/

The Learning Agreement

This document is an agreement between incoming students and the host institution. Students select the subjects they wish to study in consultation with their academic advisor at their home institution. The draft proposal is then uploaded to the online application. The options the student has selected are then considered by the University of Ljubljana on the basis of availability and the candidate's ability and academic background. A decision is then forwarded to the candidate and, if both sides are in agreement, the document is considered as a contract. However, departments do have the right to withdraw their courses at any time before the study period begins.

The Transcript of Records

This document has two functions. Firstly, it is used by departments to make decisions about a candidate's suitability based on the information supplied on the transcript of records. The transcript functions as a formalised curriculum vitae or resume.

The certificate presented to students upon the completion of their studies in Ljubljana is also known as a transcript. It outlines the courses taken and the grades achieved.

Language requirements

The University of Ljubljana offers instruction in the following languages: Slovenian and English.

The University of Ljubljana requires that the student has very good language skills (very good knowledge in reading, writing and speaking of the language) in at least one of the two languages in order to be able to study here.

Please note that fluent language skills in Slovenian (or English) are vital for successful studies at the University of Ljubljana. If the language requirements are not met, the University of Ljubljana will not accept you.

Required Language Skills

Students must present a language certificate of their Slovene or English language skills. Very good language skills refer to level B2 on the CEFR scale of the European Language Portfolio Levels.

How to prove the language skills in Slovene or English

- Language skills are listed on the Transcript of Records of the home university; or
- Submit the Language Certificate with CEFR scale; or
- Submit TOEFL score of 79 (IBT) or IELTS score of 6 for English

EATING OUT

The influences of the East and West, North and South have mingled in Slovenia, a phenomenon noticeable in Slovenia's traditional dishes. The city of Ljubljana offers a great variety of cuisine and prices. Most restaurants serve food until 11 p.m., but some do so until early in the morning. There are also numerous specialised national restaurants: Chinese, Italian, Mexican, Thai, Spanish and many more.

The tip is not included in the price of the meal. (10% for anything more than a coffee) In general, eating out in restaurants is not cheap.

Being an exchange student, you can use a system of subsidized student meals. The system is used in the majority of restaurants in Ljubljana and also in other cities in Slovenia. The subvention for a meal is 2,63 EUR. To be able to register you need your

mobile phone for identification and the student card issued by the university. More information you can find on:

www.studentska-prehrana.si

WORK PERMIT

A work permit is obligatory for foreign students wishing to seek a long-term employment in Slovenia. Exchange students, however, do not need a work permit. The easiest way for foreign students to obtain part-time jobs is at so-called Študentski servis – a service providing information about part-time jobs for students.

This service is a mediator between companies and students and with the help of Študentski servis, you usually get less demanding, non-professional jobs (e.g. teachers/instructors for foreign languages or music, computer programmers, translators, waiters..). It is definitely a good way to earn some extra money. There are many such services throughout Ljubljana.

To get a job with the help of Študentski servis you are required to obtain a Slovene tax number and a bank account in one of the Slovene banks.

TAX NUMBER

Anyone who wants to open a bank account in Slovenia, has to obtain a Slovene tax number. The beforementioned tax number is obligatory for all students who will work and be paid through Studentski servis and obtain a scholarship from a Slovene institution.

You can get a Slovene tax number at:

Tax office Ljubljana (Davčni urad Ljubljana)

Sector for Foreigners (Odsek za tujce)
