

UNIVERZA V LJUBLJANI
University of Ljubljana

CALL FOR ENROLMENT

IN DOCTORAL DEGREE PROGRAMMES

IN THE 2024/2025 ACADEMIC YEAR

Ljubljana, March 2024

Call for enrolment in doctoral degree programmes of the University of Ljubljana in the 2024/2025 academic year

INTRODUCTION

In the 2024/2025 academic year, the University of Ljubljana is issuing a call for enrolment in **22 doctoral study programmes**. In this academic year, the interdisciplinary doctoral study programme in Art, which is a novelty in the Slovenian higher education sector, will be announced for the first time.

The call comprises a **joint part**, which contains relevant information on the call for enrolment, and a **special second part**, in which individual doctoral programmes are presented in greater detail, along with the member faculties and academies providing the programmes, the envisaged number of enrolment places, application deadlines and other information and instructions relevant for the candidates. Detailed information on doctoral study programmes is available on this link: https://www.uni-lj.si/study/doctoral_school/call/.

In accordance with Article 14 of the Rules and Regulations on Doctoral Study at the University of Ljubljana, a candidate is obliged by the end of the application deadline to come to an agreement with a higher education teacher or a scientific researcher regarding supervision/co-supervision, whereby upon enrolment at the latest, the student must submit both the teacher's/researcher's written consent to act as a supervisor/co-supervisor and a short conceptual plan of the research work.

I. JOINT PART OF THE CALL

a) Application for enrolment

Candidates for enrolment in the advertised doctoral studies programmes should submit applications for enrolment electronically, using the [eVŠ web portal](#). Detailed instructions for completing an enrolment application are posted on the website <https://portal.evs.gov.si/information-in-english>.

Doctoral study programmes of the University of Ljubljana are open to all candidates, regardless of whether they have already completed their previous studies or not at the time of submitting their application. Although completing previous studies is not a requirement for submitting an application, it is a requirement for enrolment in a study programme. We advise candidates to submit their applications within the individual deadline if they expect to complete their studies before enrolment is completed.

Candidates who would like to enrol in doctoral study programmes under the criteria in place for transitions/advancement to higher years, and candidates who have not completed their post-graduate/doctoral study programmes **must also submit electronic applications via the eVŠ web portal** by the deadline stated for their respective study programme.

An application, which will be completed and electronically submitted by the application deadline on the eVŠ web portal, will be considered as on time.

After successfully applying, the candidate receives a confirmation of a successfully submitted application to the email address stated in the application. If the candidate receives no confirmation, the application was not successfully submitted. We ask candidates to also monitor their spam email folders.

By submitting the application form the candidate guarantees the truthfulness of the information stated in the enrolment application.

b) Submission of attachments to applications for the call for enrolment

Candidates should upload all the required supporting documents for their application on the [eVŠ web portal](#). Scanned documents or photographs of original certificates and other required documents

and supporting material are valid as evidence of meeting the admission requirements in the application and admission procedure. Detailed instruction for submitting attachments on the eVŠ web portal are posted at: <https://portal.evs.gov.si/information-in-english>.

The list of required attachments and the deadline by which the required documents must be uploaded to the eVŠ web portal are visible in the on-line application. All supporting documents on the completion of studies and other required evidence and attachments should be submitted at the same time as the enrolment application, or subsequently in accordance with the instructions and deadlines in this call or in accordance with the notifications that candidates receive from the UL member faculty. Candidates will be informed of the request for completion of the application on the eVŠ portal at the e-mail address provided in the application.

Candidates should take careful note of the final day for electronic submission of attachments to their applications, since after that date attachments can no longer be submitted. Candidates should not send attachments by ordinary mail - all supporting documents required for the application should be uploaded via the eVŠ web portal. In the event of technical or other difficulties in submitting the required supporting documents and attachments on the eVŠ web portal, applicants are kindly requested to report this to the first level of applicant support at ekc@gov.si (please note that requests for assistance will be dealt with during office hours), otherwise complaints about technical difficulties in submitting the required annexes will not be taken into account.

Each candidate may submit a maximum of three attachments per upload, and the size of an individual attachment may not exceed 5 MB. **Candidates are required to monitor the e-mail address stated in their applications, and the eVŠ web portal, since communication and possible requests for supplementing applications are conducted in this way.** Candidates must themselves ensure the validity of the e-mail address given in their applications.

Candidates can obtain detailed information on the evidence required for their application and the recognition of studies for the purpose of further education when they apply at the eVŠ portal and at the contact addresses indicated for individual doctoral programmes.

Contacts and addresses for candidate support in completing the application for enrolment:

At the first level, support is provided to applicants via the Single Contact Centre of the state administration (EKC):

- Resolving technical issues related to accessing the SI-PASS system.
- Contact information: 080 2002, email: ekc@gov.si – office hours: every working day from 8.00 do 22.00.

The second level of support for applicants comes through the Student Organisation of Slovenia (ŠOS):

- Resolving substantive issues, offering assistance to international students with attachments, etc.
- Contact information: 064 179 197, email: info@podpora-vpis.si.

The third level of support for applicants is provided by the Ministry of Higher Education, Science and Innovation:

- Contact information: 01/ 478 46 59, email: evs-prijava.mvzi@gov.si.

For content-related questions in relation to the call for enrolment, candidates can approach the competent administrative offices or contact addresses, which are provided with each individual doctoral programme in the second part of the call together with the deadlines for application.

c) Service of requests for completion and notices relating to the call for enrolment

Documents, requests and notices relating to the application and selection procedure will be served to the candidates only via the eVŠ web portal. Candidates will be informed of the documents or notices on the eVŠ portal at the e-mail address provided in the application, and by text message to the candidate's mobile number, if provided in the application at the eVŠ portal.

Candidates receive the documents or notices from the eVŠ web portal after prior authentication.

When the document is served via the eVŠ web portal, the candidate electronically validates the electronic service form. The day of the electronic confirmation of the electronic service of the document referred to in the previous sentence shall be deemed to be the date of the service of the document. If the document is not collected by the candidate within five days of receipt of the notification about the electronically deposited document on the eVŠ portal, service is considered to have been completed on the day this deadline expires.

Candidates with incomplete applications or documentation for recognition of education will be notified of any request and deadline for supplementing their applications via the eVŠ web portal. Applications not supplemented by the deadline in accordance with the request for supplementation will be rejected.

d) Candidates with foreign certificates of education

Evidence of completed education of candidates who demonstrate the fulfilment of the admission requirements with foreign certificates of education is subject to recognition under the [Assessment and Recognition of Education Act](#) (Official Gazette of the Republic of Slovenia, No. 87/11, 97/11 – corrigendum and 109/12, hereinafter the ZVPI).

An electronic application for enrolment submitted by candidates with foreign education certificates (serving as evidence of fulfilling the admission requirements), together with the required supporting documents on the [eVŠ web portal](#), will automatically be considered as an application for the recognition of foreign education for the purpose of continuing education at the University of Ljubljana.

The list of required evidence may differ depending on the country of origin of the education certificate, so candidates are advised to enquire in advance with the authorised persons at the university member faculties or academies indicated for the individual doctoral programmes for a more detailed list of documents or for information on the procedure.

Candidates can attach to their application an e-copy or photograph of a personal identity document¹ on the basis of written consent as follows:

- citizens of EU Member States: personal ID or passport (page showing the candidate's personal data, including name, surname, date and place of birth and citizenship),
- foreign citizens of non-EU Member States: passport (page showing the candidate's personal data, including name, surname, date and place of birth and citizenship).

Only those applications/submissions for recognition of foreign education submitted via the eVŠ site by the end of the application period or in accordance with the instructions and deadlines given in this call will be processed and considered. Candidates who submit an incomplete enrolment application or application for recognition of education for the purpose of continuing their education will additionally be individually notified of any request and deadline for supplementing their applications via the eVŠ site.

Candidates should upload the required evidence on the eVŠ site by the deadline for supplementation. Later supplementation and changes will not be possible.

Note:

The **deadline for issuing a recognition decision** in accordance with the ZVPI is **two months from the receipt of a complete application**.

Candidates must abide by the deadlines set for the submission of evidence of fulfilling the enrolment conditions in the application and admission procedure. Applications not supplemented by the deadline in accordance with the request for supplementation will be rejected and the applications will not be included in the selection process.

The procedure must be concluded before enrolment in a doctoral study programme, so candidates must submit all documentation in due time.

¹ Attachment not obligatory. If the higher education institution needs to access a personal identity document to determine the identity and citizenship of an individual, it will specifically request this. The competent authority of the higher education institution is bound to obtain and verify evidence necessary for enrolment applications and recognition of education for the purpose of further education, as laid down in the regulations governing evidence of fulfilment of the enrolment conditions and documentation that must be attached to applications for the recognition of education.

e) Application deadlines

Application deadlines differ from one study programme to another and are specified in the call next to each doctoral study programme. Detailed explanations on admission requirements (compliance of previous education and other requirements) and any further information are available to candidates at the University of Ljubljana member faculties or at the contact address given alongside each study programme in the call.

f) Additional application deadlines

The member faculties providing or coordinating doctoral programmes may decide in the application procedure, or after the expiry of the application deadline set next to each study programme in the call for enrolment, to **publish additional application deadlines** (if the places available have not yet been filled). Additional application deadlines are already published for some doctoral programmes in this call, and any additional application deadlines for other doctoral programmes will be posted subsequently on the websites of the University of Ljubljana and the member faculties providing the doctoral programmes in question.

g) Applications for enrolment in a higher year

Students can apply for enrolment in a higher year of a doctoral programme at the University of Ljubljana as per the Criteria for transfers between programmes or conditions for accelerated advancement.

Candidates who intend to enrol directly in a higher study year of a doctoral programme are also required to register via the eVŠ web portal and indicate their enrolment in the higher year as appropriate.

The number of available places for enrolment in the 2nd year is limited by the number of students enrolled in the 1st year in the 2023/2024 academic year, the number of available places for enrolment in the 3rd year is limited by the number of students enrolled in the 2nd year in the 2023/2024 academic year, and the number of available places for enrolment in the 4th year is limited by the number of students enrolled in the 3rd year of the 2023/2024 academic year, unless otherwise specified for the individual study programme. The number of available places under the criteria for transfers is set out in the table annexed to the call. If there is no specific indication of available places under the criteria for transfers, please consult regarding the possibilities at the UL member faculty providing the specific study programme.

Candidates applying for enrolment in a higher year must also meet the conditions in place for enrolment in the first year of their chosen study programme. The year in which a candidate may enrol is determined by the member faculty in the application and admission procedure regardless of the selected year marked by the candidate in their enrolment application. This means that the procedure may determine that a candidate meets the conditions for enrolment in the 1st year but not in the indicated higher year.

Candidates may obtain information on the conditions and procedures for enrolment in a higher year (as per the transfer or accelerated advancement criteria) at the doctoral studies office of the individual member faculty. Contact addresses can be found alongside each study programme in the call.

More information about criteria for transfers between programmes is available at:
<http://pisrs.si/Pis.web/pregledPredpisa?id=MERI48>.

h) Selection of candidates

Enrolment in doctoral study programmes is open to candidates who have attained at least a secondary level of education as defined by the Higher Education Act, or an equivalent or higher level attained under the previous regulations in Slovenia or attained abroad.

Candidates must fulfil other enrolment conditions stated separately for each study programme.

If the number of candidates meeting the enrolment criteria exceeds the number of places available, the candidates will be selected in accordance with the selection criteria determined for the study programme upon any enrolment restriction. In the event of restricted enrolment, the competent authority of the member faculty or academy may select one of the following methods for selecting the last candidate for the last available enrolment place:

- All applicants who obtain the same number of points for the last advertised enrolment place are admitted.
- A candidate is selected among candidates who obtain the same number of points for the last advertised enrolment place by conducting an additional selection examination, which may also take the form of an interview.

Candidates will be notified of the results of the selection process on the eVŠ site (candidates can access the decision on the result of the selection process at the eVŠ web portal at <https://portal.evs.gov.si/prijava/> using their user account). Documents and notifications are served or forwarded to candidates for information in the eVŠ web portal in accordance with Article 40 of the Higher Education Act. Candidates will be informed of the documents or notices on the eVŠ portal at the e-mail address provided in the application, and by text message to the candidate's mobile number, if provided in the application at the eVŠ portal. Candidates receive the document or notice from the eVŠ web portal after prior authentication. Candidates are deemed to have been informed of the content of the document or notification by logging into the eVŠ web portal. When the document is served via the eVŠ web portal, the candidate electronically validates the electronic service form. The day of the electronic confirmation of the electronic service of the document referred to in the previous sentence shall be deemed to be the date of the service of the document. If the document is not collected by the candidate within five days of receipt of the notification about the electronically deposited document on the eVŠ portal, service is considered to have been completed on the day this deadline expires.

Candidates are to take special note of the requirement to complete any necessary additional obligations before enrolment in a study programme (pursuant to the admission requirements as stated next to the published doctoral programme).

i) Enrolment deadlines

Pursuant to the Rules on the call for enrolment and enrolment in higher education, students will enrol in doctoral study programmes no later than **by 30 September** or, for legitimate reasons subject to a ruling by the competent body of the higher education institution, no later than by 30 October.

The exact enrolment dates will be published by the relevant University of Ljubljana member faculties on their websites or will be communicated to the candidates directly.

j) Tuition fees, study price lists

Tuition fees and other costs for enrolment in doctoral programmes at the University of Ljubljana are published in the [Price list for student services](#).

k) Information days

Member faculties and academies providing doctoral programmes hold information days for enrolment in doctoral programmes at the University of Ljubljana. The dates of information days will be published on the websites of individual member faculties if they had not already been included in the call for individual doctoral study programmes.

l) Information for international students

Foreign nationals (candidates who are not citizens of EU Member States) and Slovenians without Slovenian citizenship will, provided they meet the general conditions, enrol pursuant to the provisions of the Rules on the call for enrolment and enrolment in higher education and the Rules on tuition fees and accommodation in public student dormitories for Slovenian nationals without Slovenian citizenship and foreigners in the Republic of Slovenia.

Citizens of EU Member States and those of non-EU countries who have permanent residence in Slovenia and are themselves or have at least one parent or guardian that is a resident of the Republic of Slovenia for tax purposes, and persons granted international protection in accordance with the International Protection Act (Official Gazette of the Republic of Slovenia No. 16/17, 54/21, 42/23) should apply for places advertised jointly for Slovenian citizens and citizens of EU Member States that are published in the call for enrolment and in a manner and within the deadlines stated for the individual study programme. Evidence of the status of a person granted international protection and of those requesting international protection and temporary protection for displaced persons will be obtained by the member faculty providing the doctoral programme ex officio from the competent authority (Slovenian Ministry of the Interior).

Doctoral study programmes are provided in Slovenian, and in the case of foreign candidates also in English. The stated conditions for enrolment in doctoral study programmes in terms of linguistic knowledge mean that candidates who have completed study programmes whereby they fulfil the conditions for enrolment in a doctoral programme should have a comparable knowledge of Slovenian or English at least at level B2. Candidates are therefore expected to have a command of Slovenian and English at a level that ensures a basis for them to be able to complete their study requirements.

Complete information for foreign nationals is available at: <https://www.uni-lj.si/study/>.

m) Status of candidate with special needs and status of candidate with special status in the application and admission procedure

Candidates who wish to request special status in the **application and admission procedure** for enrolment in the 2024/2025 academic year, may together with the enrolment application submit on the eVŠ site an application granting the status of candidate with special needs or special status, in accordance with the Rules on students with special needs and special status at the University of Ljubljana, published on the [UL website](#).

The following must be attached to the enrolment application:

- an individual request on the form Application for granting status, published on the [online link](#) and
- attachments to the application for granting status (relevant evidence and documents), as specified in [the Rules on students with special needs and special status at the University of Ljubljana](#).

The status of candidate with special needs and status of candidate with special status may be granted to candidates for whom a reason for granting such status existed during the period of second-cycle study or integrated master's programme.

The granting of status is decided by the competent body of the member faculty, and in the case of interdisciplinary programmes possibly also by another competent body that the member faculty senate authorises to make decisions in this procedure. The adopted decision applies only to the application and admission procedure under this call.

Candidates should find out the relevant information before completing their application. For more information on the granting of status of candidate with special needs and special status, please visit the [UL website](#).

II. SECOND PART OF THE CALL

1. Doctoral programme in ARCHITECTURE,

offered by the University of Ljubljana Faculty of Architecture, Zoisova cesta 12, 1000 Ljubljana.

More information:

<https://www.fa.uni-lj.si/en/studiji/doctoral-programme-in-architecture-drsa/>

- Information on study content: Prof. Tadeja Zupančič, tel. +386 12000 715, tadeja.zupancic@fa.uni-lj.si
- General information (enrolment procedure and submission of supplemental documents to the application): Katja Knez, tel. +386 12000 774, katja.knez@fa.uni-lj.si

Number of enrolment places:

- **for enrolment in the first year: 15** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens
- **for enrolment under the criteria for transition to the second year: 2** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens
- **for enrolment under the criteria for transition to the third year: 2** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens
- **for enrolment under the criteria for transition to the fourth year: 2** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship, and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme Architecture is open to candidates who have completed:

- a second-cycle study programme;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits;
- a programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a specialisation after completion of a professional higher education programme, provided the candidate has completed course units consisting of 30 ECTS credits in the following subjects from the integrated master's programme in Architecture:
 - Architectural Theory and Critique,
 - Introduction to Research in Architecture and Urbanism,
 - Theory of Physical and Regional Planning,
 - Action Planning and Strategic Assessment,
 - Design Concepts,
 - Settlement Culture,
 - Art History,
 - Comprehensive Preservation of Built Heritage,
 - Computer Supported Architecture and
 - Concepts of Structures.

In accordance with the transitions criteria, enrolment in the doctoral degree programme Architecture is open to candidates who have completed:

- a master of science degree following a study programme leading to an academic higher education qualification; on enrolment at least 60 credits will be recognised for such candidates, in accordance with the law,
- a previous specialisation following a study programme leading to an academic higher education qualification; on enrolment at least 60 credits will be recognised for such candidates, in accordance with the law.

Enrolment in the doctoral programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

Should a resolution on enrolment limitation be adopted (if the number of applying candidates who meet the enrolment criteria exceeds the number of enrolment places), candidates will be selected according to performance in a second-cycle study programme (20% weighting) or in an integrated master's programme comprising 300 ECTS or in a study programme leading to an academic higher education qualification or a study programme leading to a specialisation following completion of a professional higher education programme and additional exams defined in the fourth indent of the admission requirements.

The following criteria will be considered:

- grade-point average (15%) and
 - grade of university diploma or master's thesis (5%);
- and
- performance in the selection exam (80% weighting). The selection exam consists of a written and oral section. The following are assessed:
 - written and oral presentation of a Draft Plan of Doctoral Studies prepared in accordance with the Regulations on the procedure for the acquisition of the title of "doktor/doktorica znanosti" at the Faculty of Architecture (60%);
 - recommendations of distinguished researchers (10%);
 - proof of research work undertaken prior to enrolment in the programme (10%).

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

Candidates must apply for the programme by **Wednesday 21 August 2024, 23:59 CEST** on the eVŠ web portal.

In the event of available enrolment places, the second enrolment deadline will be open from 9 to 19 September 2024, 23:59 CEST.

The date of presenting the doctoral study draft plan will be published on the website of the Faculty of Architecture. The notification regarding the application and selection process will be served to the candidates in electronic form via the eVŠ web portal. Candidates will receive an informational message about the electronically delayed document or notification to their email address, which they provided when applying. Enrolment will be completed by September 30, 2024 at the latest.

The information day will be held on Wednesday, 15 May 2024. The location will be published on the Faculty of Architecture website: http://www.fa.uni-lj.si/default.asp?k=news_3

2. Interdisciplinary doctoral programme in BIOMEDICINE,

offered by the following member faculties of the University of Ljubljana:

- **Biotechnical Faculty**, Jamnikarjeva ulica 101, 1000 Ljubljana
- **Faculty of Pharmacy**, Aškerčeva cesta 7, 1000 Ljubljana
- **Faculty of Chemistry and Chemical Technology**, Večna pot 113, 1000 Ljubljana
- **Faculty of Medicine**, Vrazov trg 2, 1000 Ljubljana
- **Veterinary Faculty**, Gerbičeva ulica 60, 1000 Ljubljana,

in cooperation with the following research institutes:

- **Jožef Stefan Institute**, Jamova cesta 39, 1000 Ljubljana
- **Chemistry Institute**, Hajdrihova 19, 1001 Ljubljana, and
- **National Institute of Biology**, Večna pot 111, 1000 Ljubljana.

Scientific fields:

- Biochemistry and Molecular Biology
- Pharmacy
- Genetics
- Public Health
- Clinical Biochemistry and Laboratory Biomedicine
- Clinical Medicine
- Basic Medicine
- Medical Microbiology
- Neuroscience
- Toxicology
- Veterinary Medicine

More information: <https://www.uni-lj.si/study/doctoral/biomedicine/>

University of Ljubljana Office for Doctoral Study, Kongresni trg 12, 1000 Ljubljana, Slovenia,
doktorski.studij@uni-lj.si

Number of enrolment places: 160 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

Official length of programme: 4 years

Admission requirements:

Enrolment in the interdisciplinary doctoral study programme Biomedicine is open to candidates who have completed:

- a second-cycle study programme;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits;
- a study programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a master of science degree or a study programme leading to specialisation, if the candidate has previously completed a programme leading to an academic higher education qualification. Course units totalling 60 ECTS credits are recognised for these candidates based on their application, as provided by law,

- a study programme leading to a specialisation following a completed professional higher education programme. Additional study requirements for individual fields totalling 30 to 60 ECTS credits are determined for these candidates by the Biomedicine Programme Council.

Enrolment in the doctoral programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

In the event of restricted enrolment, the candidates will be selected based on:

- performance in 2nd cycle studies or performance in an integrated master's programme evaluated at 300 credits, or performance in a former academic higher education programme and
- the selection exam, where the following is also evaluated:

1. a reviewed scientific article, published or accepted for publication,
2. awards and recognitions,
3. professional specialisation and
4. other.

The rating method is determined by the Programme Council.

In the event of restricted enrolment, candidates with a higher total score will be selected.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

Candidates (Slovenian citizens, EU citizens, Slovenians without Slovenian citizenship, foreign citizens) for enrolment must apply for the programme by **26 July 2024, 23:59 CEST** on the eVŠ web portal. Candidates should submit all evidence required for their application on the eVŠ web portal.

Candidates lacking the appropriate prior education for involvement in the work of the core course of their chosen scientific field may be assigned an additional exam, which must be passed prior to enrolment, by the Programme Council on the proposal of the coordinator of the scientific field.

The selection procedure will be done by the Programme Council Biomedicine on its session scheduled for 29 August 2024. The notification regarding the application and selection process will be served to candidates in electronic form via the eVŠ web portal at the beginning of September. Candidates will be informed of the documents on the eVŠ portal at the e-mail address provided in the application.

Enrolment will be conducted electronically via the websites of member faculties that coordinate specific scientific fields:

- at the Biotechnical Faculty for the field of Genetics,
 - at the Faculty of Pharmacy for the fields of Pharmacy, Clinical Biochemistry, Laboratory Biomedicine and Toxicology,
 - at the Faculty of Medicine for the fields of Biochemistry and Molecular Biology, Clinical Medicine, Basic Medicine, Public Health, Medical Microbiology and Neuroscience,
 - at the Veterinary Faculty for the field of Veterinary Medicine,
- and will be completed by **30 September 2024 at the latest**.

Prior to enrolment, candidates are required to choose a mentor and submit, upon enrolment at the latest, the mentor's written consent to mentorship. The mentor must provide at least three references

pertaining to the field of the envisaged topic of the doctoral dissertation and must meet other conditions laid down by the University of Ljubljana regarding mentorship in doctoral studies. Candidates are also required to submit their concept for the doctoral dissertation and must do so by enrolment at the latest.

All other enrolment-related information will be published on the website of the Biomedicine study programme <https://www.uni-lj.si/study/doctoral/biomedicine/application/call-b>.

3. Interdisciplinary doctoral programme in BIOSCIENCES,

offered by the following faculties of the University of Ljubljana: **Biotechnical Faculty** as the programme coordinator, in cooperation with: **Faculty of Electrical Engineering, Faculty of Computer and Information Science, Faculty of Mechanical Engineering and Faculty of Health Sciences.**

Contact:

Biotechnical Faculty, Jamnikarjeva ulica 101, 1000 Ljubljana

More information:

Biotechnical Faculty, Postgraduate Office for 3rd Cycle Study

Mag. Vesna Ješe Janežič

e-mail: vesna.jesejanezic@bf.uni-lj.si, telephone: +386 1 3203 027

Biosciences website: <http://www.bioznanosti.si/en>

Scientific fields:

- Agronomy
- Bioinformatics
- Bioengineering in Health Sciences
- Biology
- Biotechnology
- Economics of Natural Resources
- Horticulture
- Landscape Architecture
- Wood and Biocomposites
- Nanosciences
- Microbiology
- Nutrition
- Technical Systems in Biotechniques
- Managing Forest Ecosystems
- Protection of the Natural Heritage
- Animal Science
- Cell Sciences
- Food Science

Official length of programme: 4 years

Number of enrolment places: 75 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship, and foreign citizens.

Admission requirements:

Enrolment in the programme is open to graduates of:

- second-cycle study programmes;
- study programmes leading to professions regulated by European Union directives (for doctors, veterinarians, dentists and pharmacists) and which are evaluated with at least 300 ECTS credits;
- study programmes leading to a specialisation following completion of a professional higher education programme. Additional study requirements for individual fields totalling 30 to 60 ECTS credits are determined for candidates by the competent committee. Prior to enrolment, candidates must have completed the following:
- study programmes leading to a master of science degree or specialisation after completion of a study programme leading to an academic higher education qualification. Candidates will have study requirements in the amount of 60 ECTS credits recognised. Recognition of study requirements will be determined by the competent committee in agreement with the mentor;
- study programmes leading to an academic higher education qualification, adopted before 11 June 2004;
- graduates of another university in Slovenia or a university in another country in accordance with the conditions prescribed for students from the Republic of Slovenia. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

1. Performance in previous higher education studies

Grade-point average (without the diploma grade) is scored as follows:
Average success is scored linearly, using the formula: **4 x grade – 20**.

Calculation of average grade:

The average grade of previous higher education studies of students who have completed academic higher education as adopted before 11 June 2004, or 1st and 2nd cycles of study or an integrated study programme or specialization after completion of professional higher education, is calculated by weighting, that is by weighting the average grade of each cycle of study with the number of years of study in a particular cycle, added together for all completed cycles and divided by the total number of years of study.

2. Research or professional work, awards

- a) A scientific article, monograph or patent accepted for the procedure in Slovenia (Cobiss type 1.01 –, 1.02, 1.03, 1.16, 2.01, 2.18) – up to 5 points (first authorship 5 points, co-authorship 2 points)
- b) Active participation at a scientific conference (Cobiss type 1.06, 1.08, 1.10, 1.12) – 2 points
- c) Professional article in the field of study (Cobiss type 1.04) – 2 points
- d) Awards relating to studies; at the university level (5 points); at the level of a member faculty, or other award (2 points)

The maximum number of points a student can obtain is 40. If the composite score according to the above criteria exceeds 40 points, the student will receive a maximum of 40 points. In the event of restricted enrolment, candidates with a higher total score will be selected.

If there are several students at the lower limit with the same number of points, they will be invited for an interview which will serve as the basis for selection.

The decision on acceptance of candidates will be made by the Biosciences Programme Council.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

Candidates must submit their application for the programme and upload all the required evidence by **23 August 2024, 23:59 CEST** on the eVŠ web portal. The required evidence includes a **Mentor's Statement** of accepting mentorship in doctoral studies, which is published on the website dedicated to doctoral studies in Bioscience, along with the **brief concept of the doctoral dissertation**. Enrolment will be conducted electronically via the Biosciences website and will be completed by **30 September 2024**.

4. Doctoral programme in ECONOMICS AND BUSINESS,

offered by the University of Ljubljana **School of Economics and Business**, Kardeljeva ploščad 17, 1000 Ljubljana, comprising the following **study tracks**:

- **Economics**, with majors in:
 - Money and Finance
 - Economics
 - International Economics

- **Business**, with majors in:
 - Financial Management
 - Information Management
 - Management and Organisation
 - International Business
 - Operations Research
 - Entrepreneurship
 - Business Logistics
 - Accounting
 - Marketing
 - Tourism

More information at: <http://www.ef.uni-lj.si/en> and <http://www.ef.uni-lj.si/doctoral> .

Contact: doctoral@ef.uni-lj.si, tel.: +386 1 589 24 00

Number of enrolment places:

- **for enrolment in the first year: 20** (full-time study, in total for both fields) – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

- **for enrolment under the criteria for transition to the second year: 3** (full-time study, in total for both fields) – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

- **for enrolment under the criteria for transition to the third year: 3** (full-time study, in total for both fields) – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

- **for enrolment under the criteria for transition to the fourth year: 3** (full-time study, in total for both fields) – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme is open to candidates who have completed:

- a 2nd-cycle study programme;
- a programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a specialisation and a previously completed professional higher education programme, if the candidate has completed course units defined by the programme totalling 36 ECTS credits; or
- a master of science degree or a study programme leading to specialisation, if the candidate has previously completed a programme leading to an academic higher education qualification. Upon enrolment, 60 ECTS credits will be recognised for candidates in accordance with the law;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits.

Enrolment in the doctoral programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

The following will be considered when selecting candidates for enrolment:

- academic performance in:

- second-cycle study programmes;
- study programmes leading to an academic higher education qualification, adopted before 11 June 2004;
- study programmes leading to specialisation after completion of a professional higher education programme;
- study programmes leading to a master of science degree or specialisation after completion of a study programme leading to an academic higher education qualification;
- study programmes leading to professions regulated by EU directives, or other integrated master's degree programmes evaluated at 300 ECTS credits.

and

- performance in an oral exam, where the following is also evaluated:

- performance thus far in undergraduate studies (if the grade was not taken into account under Item 1);
- scientific and research potential;
- candidate's motivation;
- research work undertaken by the candidate thus far (published articles and other publications);
- international aptitude tests (e.g. GMAT, GRE);
- awards, recognitions, etc.
- other.

The specific importance of individual items will be determined by the Faculty Senate.

Depending on the number of suitable candidates and mentors, the Doctoral Studies Commission may decide to restrict enrolment in an individual specialisation.

Location: Ljubljana

Mode of study: full-time study

Procedures and deadlines for application to the Call and enrolment:

Candidates must apply for the programme by **21 June 2024, 23:59 CEST**, on the eVŠ web portal <https://portal.evs.gov.si/prijava/?lang=en>. Enrolment will be conducted up to 30 September 2024 at the School of Economics and Business, Kardeljeva ploščad 17, Ljubljana.

5. Doctoral programme in ELECTRICAL ENGINEERING,

offered by the University of Ljubljana **Faculty of Electrical Engineering**, Tržaška cesta 25, 1000 Ljubljana.

More information: <https://fe.uni-lj.si/en/studij/doktorski-studij/elektrotehnika/>

Number of enrolment places:

- **for enrolment in the first year: 50** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens
- **for enrolment under the criteria for transition to the second year: 5** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens
- **for enrolment under the criteria for transition to the third year: 5** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens
- **for enrolment under the criteria for transition to the fourth year: 5** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme in Electrical Engineering is open to candidates who have completed:

- a second-cycle study programme;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 credits;
- a programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a master of science degree; course units consisting of 60 credits are recognised for candidates;
- a study programme leading to a specialisation and a previously completed academic higher education programme as adopted before 11 June 2004; course units consisting of 60 credits are recognised for candidates;
- a study programme leading to a specialisation and a previously completed professional higher education programme as adopted before 11 June 2004, provided the candidate has completed additional course units consisting of 36 credits as determined for candidates by the competent committee of the Faculty of Electrical Engineering for first-year second-cycle subjects in Electrical Engineering: four mandatory technical subjects, depending on the specific course, and two elective technical subjects;
- equivalent programme provided by another university. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

The process of candidate selection will take into account success in a second-cycle programme in the following way:

- Grade point average in second-cycle studies, excluding the grade for the master's thesis and defence thereof, or grade point average of academic university study programmes adopted before 11 June 2004, excluding the grade for the diploma thesis and defence thereof. Grade x 7.
- Master's thesis and defence grade, or diploma thesis and defence grade for an academic university study programme adopted before 11 June 2004. Grade x 3.

In the event of restricted enrolment, candidates with a higher score will be selected.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

Candidates must apply for the programme **by 19 August 2024, 23:59 CEST**, on the eVŠ web portal. The information day will hold on 17 April 2024. All information and instructions are available at the website <http://www.fe.uni-lj.si/en/>. In case of other questions, candidates can write to doktorski@fe.uni-lj.si.

6. Interdisciplinary doctoral programme in the BUILT ENVIRONMENT,

offered by the University of Ljubljana **Faculty of Civil and Geodetic Engineering**, Jamova cesta 2, 1000 Ljubljana and the **Faculty of Natural Sciences and Engineering**, AŠkerčeva cesta 12, 1000 Ljubljana, covering the following **scientific fields**:

- Geodesy
- Geology
- Civil Engineering
- Spatial Planning and Land Management

More information at:

- Tel: +386 1 4768 532
- e-mail: monika.golobar@fgg.uni-lj.si
- on the website: <https://www.en.fgg.uni-lj.si/study/3rd-cycle-study-programmes/built-environment-phd/>

Number of enrolment places: 30 – in total for citizens of the Republic of Slovenia, EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral programme in the Built Environment is open to graduates of:

- Second-cycle study programmes.
- Study programmes leading to professions regulated by EU directives, if they are evaluated at 300 credits, or other integrated master's degree programmes evaluated at 300 credits.
- A former study programme leading to a specialisation following completion of a professional higher education programme. Before enrolling in the third-cycle doctoral programme, such candidates will be set additional course units consisting of up to 60 credits by the Doctoral Studies Committee for Built Environment.

- Former study programmes leading to a master of science degree or specialisation after completion of a study programme leading to an academic higher education qualification. Study requirements totalling at least 60 credits are recognised for such candidates in a third-cycle doctoral study programme.
- Former study programmes leading to an academic higher education qualification, adopted before 11 June 2004.

Enrolment in the Built Environment doctoral study programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

In the event of restricted enrolment, candidates will be selected based on:

- grade point average (15%),
- grade of undergraduate diploma or master's thesis (5%) and
- performance in the selection exam (80%), which comprises a written exam in the field of natural sciences and engineering.

Candidates can substitute 40% of the written exam grade with a grade from prior scientific and professional work in the field of the study programme.

The main criteria for scientific work are published items such as:

- scholarly monograph
- independent scholarly composition within a monograph
- original scholarly articles in journals with an impact factor (JCR) or in journals indexed in SCI, SSCI or A&HCI databases.

The main criteria for professional work are as follows:

- professional monograph or review work
- independent professional composition within a monograph
- published professional papers from conferences
- professional articles and/or reviewing of such articles
- editorship of monograph or journal
- other forms of documented professional activity.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

An information day will be held at the University of Ljubljana Faculty of Civil and Geodetic Engineering on 5. June 2024.

Candidates must apply for the programme **23 August 2024, 23:59 CEST**, on the web portal eVŠ. In the event of places still being available the second application deadline will be from 9 September 2024 to 13 September 2024.

Selected candidates shall enrol in the doctoral study programme by 30 September 2024 at the latest at the Office of Student Affairs of the Faculty of Civil and Geodetic Engineering upon receiving an invitation from the faculty.

7. Interdisciplinary doctoral programme in the HUMANITIES AND SOCIAL SCIENCES,

offered by the following member faculties of the University of Ljubljana:

- **Faculty of Social Sciences**, Kardeljeva ploščad 5, 1000 Ljubljana, and
- **Faculty of Arts**, Aškerčeva 2, 1000 Ljubljana,

in cooperation with the following member faculties and academies of the University of Ljubljana:

- **Academy of Music**, Kongresni trg 1, 1000 Ljubljana,
- **Faculty of Theology**, Poljanska cesta 4, 1000 Ljubljana,
- **Academy of Theatre, Radio, Film and Television**, Trubarjeva cesta 3, 1000 Ljubljana,
- **Faculty of Social Work**, Topniška ulica 31, 1000 Ljubljana and
- **Academy of Fine Arts and Design**, Erjavčeva 23, 1000 Ljubljana.

Study fields:

- American Studies
- Policy Analysis
- Andragogy
- Applied Psychology Studies
- Archaeology
- Asian and African Studies
- Balkan Studies
- Foreign Language Didactics (English, French, Italian, German, Spanish Didactics)
- Digital Linguistics
- Diplomacy
- Social Informatics
- Social Sciences Methodology
- Epistemology of the Humanities and Social Sciences
- Experimental Psychology
- Ethnic and Migration Studies
- Ethnology, Cultural and Social Anthropology
- European Studies
- Film and Television Studies
- Philosophy
- Geography
- Musical Pedagogy
- Globalisation Studies
- Heritology
- Information Science
- Public Administration
- Linguistics
- Composition and Theory of Music
- Communication Sciences
- Cultural Studies
- Fine Art Studies
- Literary Studies
- Media Studies
- International Relations
- Musicology
- Journalism Studies
- Defence Studies
- Public Relations
- Environmental and Spatial Studies
- Human Resources and Organisational Studies
- Pedagogy
- Political Science
- Translation Studies
- Personality Psychology
- Developmental Studies

- Studies in Developmental Psychology
- Religious Studies
- Slavic Studies
- Slovene Studies
- Social and Political Anthropology
- Social and Political Psychology
- Social Work
- Sociology
- Sociology of Culture
- Studies of Everyday Life
- Performing Arts Studies
- Gender Studies
- Theoretical Psychoanalysis
- Marketing Communication
- Art History
- Security Studies
- Military Sociology Studies
- History
- Psychology of Communication
- Life Course Studies

More information at:

- Faculty of Arts, Doctoral Studies Office (3rd cycle), doktorski.studij@ff.uni-lj.si <https://www.ff.uni-lj.si/en/study/doctoral-programmes-third-cycle/presentation>

- Faculty of Social Sciences, Student Affairs Office, doctoral.studies@fdv.uni-lj.si <https://www.fdv.uni-lj.si/en/study/study-at-the-FDV/doctoral-programmes>

Number of enrolment places: 244 in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship, and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme is open to graduates of:

- second-cycle study programmes;
- study programmes leading to an academic higher education qualification, adopted before 11 June 2004;
- study programmes leading to a specialisation adopted before 11 June 2004, and who have already completed a professional higher education programme; for enrolment in third-cycle doctoral study programmes, the relevant body of the member faculty sets course units totalling 30 to 60 ECTS credits on the proposal of the field of study coordinator responsible for doctoral studies;
- study programmes leading to a master of science degree or specialisation after completion of a study programme for obtaining an academic higher education qualification as adopted before 11 June 2004. For these candidates, the relevant body of the member faculty recognises course units totalling at least 60 ECTS credits on the proposal of the field of study coordinator responsible for doctoral studies;
- a study programme that leads to professions regulated by EU directives, or another integrated master's degree study programme evaluated at 300 ECTS credits.
- The doctoral programme is also open to graduates from another university in Slovenia or a university in another country in accordance with the conditions prescribed for students from the Republic of Slovenia. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

The consent of the mentor is required prior to enrolment in the programme.

Selection criteria in the event of restricted enrolment:

Candidates will be selected based on their success in completed studies, as well as their scientific and expert achievements. Individual elements of selection will be evaluated in the following manner:

- Academic success (grade point average) – 50% weighting in:
 - second-cycle study programmes;
 - study programmes leading to an academic higher education qualification, adopted before 11 June 2004;
 - study programmes leading to specialisation after completion of a professional higher education programme adopted before 11 June 2004;
 - study programmes leading to a master of science degree or specialisation after completion of a study programme for obtaining an academic higher education qualification as adopted before 11 June 2004;
 - study programmes leading to professions regulated by EU directives, or other integrated master's degree programmes evaluated at 300 ECTS credits.
- Grade obtained in the oral selection exam (interview) before an expert committee for the field in which the candidate is enrolling – 50% of the weighting.

On the proposal of the coordinator/administrator of the field, the committee for doctoral study of the member faculty decides on the applicant's suitability.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

In accordance with the instructions in the joint part of the Call, enrolment candidates can apply on the eVŠ web portal within two application deadlines:

- 1st deadline: **7 June 2024, 23:59 CEST** (for citizens of the Republic of Slovenia, citizens of EU Member States and non-EU foreign citizens);
- 2nd deadline: **from 17 June 2024 to 19 August 2024** (only for citizens of the Republic of Slovenia and citizens of EU Member States).

The second deadline will be issued if places remain available after the first deadline closes.

Candidates must complete and submit by the stated application deadlines their application for enrolment in the doctoral programme and all required evidence electronically on the eVŠ web portal.

Enrolment will be completed **by 30 September 2024** at the latest, at the member faculty that coordinates the field in question. The list of scientific fields with UL members that coordinate them is available [here](#), tab "Fields of study".

8. Doctoral programme in TEACHER EDUCATION AND EDUCATIONAL SCIENCES,

offered by the University of Ljubljana **Faculty of Education**, Kardeljeva ploščad 16, 1000 Ljubljana, comprising the following **study fields**:

- In the study option *Educational Sciences*:
 - Educational Policies
 - Preschool Education
 - Social Education
 - Special and Rehabilitation Education
 - Supervision, Organisation and Personal Counselling
- In the study option *Education of Teachers*:
 - Teaching Social Sciences and Humanities
 - Teaching Mathematics, Computing, Natural Sciences and Technical Studies
 - Teaching in the Area of Art

- Teaching Slovene Language and Literature
- Teaching, Learning, and Education

More information: <https://www.pef.uni-lj.si/en/degree-students/doctoral-study-programme/>

Number of enrolment places:

- **for enrolment in the first year: 20** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens
- **for enrolment under the criteria for transition to the second year: 10** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme is open to candidates who have completed:

1. A second-cycle study programme.
2. A study programme leading to professions regulated by EU directives, if evaluated at 300 credits, or another integrated master's programme evaluated at 300 credits.
3. A previous study programme leading to an academic higher education qualification (programmes, adopted before the Higher Education Act of 3 September 2004).
4. A previous study programme leading to a specialisation following completion of a professional higher education programme. The faculty may assign such candidates additional requirements of between 30 and 60 credits prior to enrolment in a third-cycle study programme.
5. A previous study programme leading to a master of science degree or specialisation after completion of a study programme for obtaining an academic higher education qualification. Study requirements totalling at least 60 credits are recognised for such candidates in a third-cycle doctoral study programme.

Enrolment in the doctoral programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

The faculty will rule on restricted enrolment if the number of applicants meeting the general admission requirements significantly exceeds the number of available study places. In this case the selection of candidates will be based on their performance in the selection exam and their achievements in the scientific and expert field (personal bibliography; awards; active international participation). Candidates with a higher number of points will be admitted.

Individual elements of selection will be evaluated in the following manner (in cases of co-authorship, proportionately divided points will be considered):

Selection exam (general perspective in research in the field of teacher education and educational sciences); grading in line with the scale applicable at the UL	Grade 6 x 0.5 Grade 7 x 1 Grade 8 x 2 Grade 9 x 3 Grade 10 x 4
Articles published in journals and monographs (or exhibitions, concerts), scored according to the criteria of the UL Habilitation Commission	Points x number of units x 2

The University Prešeren Award, a prominent international prize or recognition in the field of teacher education and/or educational sciences	10
The Faculty Prešeren Award, the Ferbar Award or other prominent awards or recognitions in the field of teacher education and/or educational sciences	5
Active participation in international projects (e.g. Erasmus, Comenius)	up to 5 per project

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

Candidates must apply for the programme by **2 September 2024, 23:59 CEST**, on the eVŠ web portal. The deadline for fulfilling the enrolment conditions and submitting relevant documents is September 13, 2024.

Information days will take place:

- 8 May 2024 at 5 pm (in Slovenian);
- 15 May 2024 at 5 pm (in English);
- 6 June 2024 at 5 pm (in Slovenian);
- 13 June 2024 at 5 pm (in English).

All information and instructions are available at the website <https://www.pef.uni-lj.si/en/degree-students/>

Candidates seeking further information can write to referat@pef.uni-lj.si.

In the event of restricted enrolment, the selection exam will take place on **20 September 2024**. The enrolment of admitted candidates is expected to be completed by 30 September 2024.

9. Doctoral programme in CHEMICAL SCIENCES,

offered by the University of Ljubljana **Faculty of Chemistry and Chemical Technology**, Večna pot 113, 1000 Ljubljana, comprising the following **courses of study**:

- Biochemistry
- Chemistry
- Chemical Engineering

More information at: <https://www.fkkt.uni-lj.si/en/about/> in <https://www.fkkt.uni-lj.si/en/study/third-cycle-study-programme/>

Contact: referat@fkkt.uni-lj.si, tel. +386 1 4798 000

Number of enrolment places: 40 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme is open to candidates who have completed:

- a 2nd-cycle study programme;

- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits;
- an academic higher education undergraduate programme adopted before 11 June 2004;
- a study programme leading to a master of science title (course units totalling up to 60 ECTS credits are recognised for these candidates. The decision on recognition is made by the Senate of the Faculty or a body appointed by it);
- a study programme leading to a specialisation, if they have previously completed a professional higher education programme; for such candidates the Faculty Senate or a body appointed by it may decide to set an individual bridging programme consisting of 10 to 60 ECTS credits;
- a study programme at another university in Slovenia or at a university in another country in accordance with the conditions prescribed for students from Slovenia. The equivalence of prior learning in another country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

In the event of restricted enrolment, candidates will be selected based on:

- average exam and tutorial grades (excluding the diploma thesis) in a study programme leading to an academic higher education qualification or a second-cycle study programme (75%);
- diploma or second-cycle master's thesis grade (25%).

In the event of restricted enrolment, candidates with a higher total score will be selected.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

Candidates must apply to the Call for Enrolment.

The first enrolment deadline is **3 September 2024, 23:59 CEST**.

In the event of available enrolment places, the second enrolment period will be open from 17 to 18 September 2024.

Enrolment will be completed by 30 September 2024 at the Faculty of Chemistry and Chemical Technology.

10. Doctoral programme in KINESIOLOGY,

offered by the University of Ljubljana **Faculty of Sport**, Gortanova 22, 1000 Ljubljana.

More information at: <https://www.fsp.uni-lj.si/en/study/doctoral-study-3rd-level/kinesiology/>

E-mail: referat.phd@fsp.uni-lj.si

Number of enrolment places: 12, 10 of which are intended for citizens of the Republic of Slovenia and of EU Member States, and 2 for Slovenians without Slovenian citizenship and foreign citizens. Should vacancies for foreign students remain unfilled, candidates who are citizens of the Republic of Slovenia or EU Member States may be considered for them.

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme is open to:

- Graduates of a second-cycle study programme at the Faculty of Sport.
- Graduates of another second-cycle study programme, provided the candidate has passed a special test of knowledge. The content and scope of the test as determined by the Faculty of Sport's Postgraduate Study Committee depend on the type of the candidate's prior academic higher education programme and on the expert field of the doctoral study. As part of the test of knowledge candidates must attain at least 20 credits in a second-cycle programme at the Faculty of Sport. Candidates who select a natural sciences field in the Kinesiology doctoral programme must attain 20 credits in a second-cycle programme at the Faculty of Sport, from one of the following fields: sports training, physiology, methodology in sport and biomechanics of sport. Candidates who select a social sciences field in the Kinesiology doctoral programme must attain 20 credits in a second-cycle programme at the Faculty of Sport, from one of the following fields: sports psychology, sports sociology, methodology in sport and sports education didactics.
- Graduates of study programmes leading to a master of science degree after completion of academic higher education in kinesiology. Completed course units totalling 60 credits are recognised for such candidates.
- Graduates of a study programme leading to an academic higher education qualification for a physical education instructor.
- Graduates of other domestic and foreign universities in accordance with the conditions prescribed in the previous paragraphs. The equivalence of previously acquired education abroad will be established in the procedure of recognition of foreign qualifications for the purpose of further education in accordance with the Statutes of the University of Ljubljana. continuing education, in accordance with the Statute of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

Candidates will be selected based on their success in undergraduate studies, as well as their scientific and expert achievements. Individual elements of selection will be evaluated in the following manner:

The average grade in an undergraduate programme (excluding the diploma)	grade x 10
Diploma thesis and defence graded 8 or higher	(grade – 8) x 3
A research article scored according to the criteria of the UL Habilitation Commission	no. of points x 2
Prešeren Award bestowed by the University of Ljubljana	6
Prešeren Award bestowed by the faculty (if the same paper is submitted as a diploma thesis, only half of the points will be taken into account)	5
Other higher education programme diploma thesis	6
Professional postgraduate course attested by a valid certificate (a one-month course for a maximum of 10 credits, and a one-semester course for a maximum of 30 credits)	No. of credits divided by 10

In the event of restricted enrolment, candidates with a higher total score will be selected.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

- Candidates must apply for the programme and submit their application for enrolment in the doctoral programme and all required evidence by no later than, and **including, 1 September 2024**, 23:59 CEST, on the eVŠ web portal (first application deadline). In the event of places still being available the second application deadline will be from 12 September 2024 to 23 September 2024. Enrolment will be completed by 30 September 2024.
- The information day for enrolment in the doctoral study programme in Kinesiology will take place on **11 April 2024 at 2 pm** at the Faculty of Sport, Gortanova 22, Ljubljana, in the conference room of the Institute of Sport and via Zoom link: <https://uni-lj-si.zoom.us/j/3962575476>.

11. Doctoral programme in MATHEMATICS AND PHYSICS,

offered by the University of Ljubljana **Faculty of Mathematics and Physics**, Jadranska ulica 19, 1000 Ljubljana, tel.: +386 1 4766 500, e-mail: doktorski@mf.uni-lj.si

covering the **following streams**:

- **Mathematics**, featuring modules:
 - Mathematics
 - Mathematics Education
- **Physics**, featuring modules:
 - Physics
 - Physics Education
 - Meteorology
 - Nuclear Engineering

More information at:

<https://www.fmf.uni-lj.si/en/study-mathematics/programmes/3mafi/2023/and>

<https://www.fmf.uni-lj.si/en/study-physics/programmes/3mafi/2023/>

Number of enrolment places: 60 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme is open to candidates who have completed:

- a 2nd-cycle study programme;
- a programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a specialisation following a completed professional higher education programme. Additional study requirements for individual courses or modules totalling 30 to 60 ECTS credits will be set for candidates by the Study Committee of the Department of Mathematics or Department of Physics, respectively;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits;
- a study programme leading to a master of science degree or specialisation, if the candidate has previously completed a programme leading to an academic higher education qualification. Course units totalling 60 ECTS credits are recognised for candidates based on their application, as provided by law.

Enrolment in the doctoral programme in Mathematics and Physics is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

In the event of restricted enrolment, candidates will be selected based on:

- grade point average (15 %),
- grade of university diploma or master's thesis (5 %),
- success in the selection exam (80 %), which comprises a written exam in the field of mathematics or physics. Candidates can substitute 40% of the written exam grade with a grade from prior scientific and professional work in the field of the study programme.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

In accordance with the instructions in the joint part of the Call, enrolment candidates must apply on the eVŠ web portal (<https://portal.evs.gov.si/prijava/>). The foreign certificates of education which will be submitted via the eVŠ together with all the required evidence and supporting material will automatically undergo the process of recognition of foreign educational qualifications for the purpose of further education at the University of Ljubljana.

By the end of the application deadline at the latest, the candidate must reach an agreement with a higher education teacher or scientific researcher to serve as mentor/co-mentor, who must meet the conditions of the University of Ljubljana for serving as a mentor/co-mentor in doctoral studies. The candidate must submit a written consent (agreement) with respect to the mentorship/co-mentorship and a short conceptual plan of the research work by the end of the enrolment deadline at the latest.

Application deadlines:

FIRST APPLICATION DEADLINE – for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign non-EU citizens:

- **Deadline for submission of applications to the Call for Enrolment (eVŠ web portal): 10 June 2024, 23:59 CEST.**

- **Deadline for submission of evidence of fulfilment of conditions for enrolment** (attachments or relevant proof from the application for enrolment; candidates who will conclude a second-cycle programme at UL FMF will not need to submit a certificate of completion of studies and certificate of completion of study requirements): **20 June 2024, 23:59 CEST**, submitted on the [eVŠ web](#) portal.

SECOND APPLICATION DEADLINE – for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign non-EU citizens:

- **Deadline for submission of applications for enrolment in possible available places** that will not yet be filled in the first deadline (eVŠ web portal): **1 August 2024 – 1 September 2024, 23:59 CEST.**

- **Deadline for submission of evidence of fulfilment of conditions for enrolment** (attachments or relevant proof from the application for enrolment; candidates who will conclude a second-cycle programme at UL FMF will not need to submit a certificate of completion of studies and certificate of completion of study requirements): **15 September 2024, 23:59 CEST**, submitted on the [eVŠ web](#) portal.

THIRD APPLICATION DEADLINE – for citizens of the Republic of Slovenia, citizens of EU Member States and Slovenians without Slovenian citizenship:

- **Deadline for submission of applications for enrolment in possible available places** that will not yet be filled after the second deadline (eVŠ web portal): **19 September 2024 - 20 September 2024, 23:59 CEST.**

- **Deadline for submission of evidence of fulfilment of conditions for enrolment** (attachments or relevant proof from the application for enrolment; candidates who will conclude a second-cycle programme at UL FMF will not need to submit a certificate of completion of studies and certificate of completion of study requirements): **20 September 2024, 23:59 CEST**, submitted on the [eVŠ web](#) portal.

Notifications and documents on selection procedures will be served to candidates in electronic form via the eVŠ web portal. Candidates will receive an informational message about the electronically submitted document or notification to their email address specified in the enrollment application. The enrolment procedure will take place online and will be completed by 30 September 2024 at the latest.

12. Doctoral programme in MARITIME STUDIES AND TRANSPORT,

offered by the University of Ljubljana **Faculty of Maritime Studies and Transport**, Pot pomorščakov 4, 6320 Portorož, covering the following *fields of study*:

- Maritime Studies
- Transport

More information at: <https://www.fpp.uni-lj.si/en/study/third-cycle/maritime-and-transport-science/>

E-mail: referat@fpp.uni-lj.si

Number of enrolment places:

- **for enrolment in the first year: 5** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

- **for enrolment under the criteria for transition to the second year: 5** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

- **for enrolment under the criteria for transition to the third year: 5** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

- **for enrolment under the criteria for transition to the fourth year: 5** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme Maritime Studies and Transport is open to candidates who have completed:

- a second-cycle study programme in any subject or field;
- an integrated master's programme leading to professions regulated by EU directives, if it is evaluated at 300 ECTS credits, or another integrated master's programme evaluated at 300 ECTS credits;
- a programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a specialisation, after completing a professional higher education programme in the field of maritime studies/transport/traffic/transport logistics or a natural science, engineering or social science field. Additional course units totalling 30 to 60 ECTS credits are set for such candidates before enrolment in the doctoral programme by the Doctoral Studies Committee at the Faculty of Maritime Studies and Transport;

- a study programme leading to a master of science degree or specialisation, after completing academic higher education programme in the field of maritime studies/transport/traffic/transport logistics or a natural science, engineering or economics field. Course units totalling 60 ECTS credits are recognised for candidates.

Enrolment in the Transport and Maritime Sciences doctoral study programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country is established by means of the procedure for the recognition of foreign qualifications for the purposes of further education, in accordance with the regulations that apply to the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

The selection of candidates will be based on success in second-cycle studies (grade point average, master's thesis grade), success in the selection exam determined by the study programme, and achievements in the scientific and professional field.

Candidates will be selected based on:

- grade point average (15%),
- grade of diploma or master's thesis (5%) and
- success in the selection exam (80%), which comprises a written exam in the field of maritime studies and transport.

Candidates can substitute 40% of the written exam grade with a grade from prior scientific and professional work in the field of the study programme.

The main criteria for scientific work are published items such as:

- scholarly monograph
- independent scholarly composition within a monograph
- original scholarly articles in journals with an impact factor (JCR) or in journals indexed in SCI, SSCI or A HCI databases.

The main criteria for professional work are as follows:

- professional monograph
- independent professional composition within a monograph
- published professional papers from conferences
- professional papers
- editorship of monograph or journal
- other forms of documented professional activity.

Location: Portorož

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

Candidates must apply for the programme on the eVŠ web portal.

Information day

The information day will be held combined (live and online via video conference), namely on **30 Maj 2024 at 6 pm** in lecture hall **AMFI** at the main Faculty building in Portorož. All information and instructions are available at the website <https://www.fpp.uni-lj.si/en>. Candidates seeking further information can write to referat@fpp.uni-lj.si.

First Application deadline

Candidates must complete and submit by **4 September 2024, 23:59 CEST**, their application for enrolment in the doctoral programme and all required evidence electronically on the eVŠ web portal. Accepted candidates are expected to be notified of further procedures and the enrolment dates by 9 September 2024 in electronic form via the eVŠ web portal. Candidates will receive an informational message about the electronically delayed document or notification to their email address, which they provided when applying. Enrolment will be completed by **15 September 2024** at the latest.

13. Doctoral programme in LEGAL STUDIES,

offered by the University of Ljubljana **Faculty of Law**, Poljanski nasip 2, 1000 Ljubljana, covering the following programme modules:

- Civil Law
- Labour Law and Social Security Law
- Economic Analyses of Law
- European Law
- Commercial Law
- Criminal Law
- Criminology
- International Law
- Legal History
- Roman Law
- Theory of the State and Law
- Administrative Law
- Constitutional Law

More information at: <https://www.pf.uni-lj.si/en/3rd-cycle/>

Contact: referat.podiplomski@pf.uni-lj.si, tel.: +386 1 4203 121

Number of enrolment places: 41 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme is open to candidates who have completed:

- a second-cycle study programme (Bologna master's programme);
- an academic higher education programme adopted before 11 June 2004;
- candidates who have completed a master's study programme leading to the title of master of science (magister znanosti) may apply for recognition of up to 60 ECTS credits from the first year of doctoral studies and may enrol in the second year of the doctoral study programme provided that they prepare and submit an outline of their doctoral dissertation. Candidates who were enrolled in a master's study programme but have not completed and have not obtained the title of master of science may apply for recognition of completed study requirements in lieu of subjects from the first year of doctoral studies. The decision on the recognition of completed study requirements is taken by the committee responsible for doctoral studies;
- a professional higher education programme adopted prior to 11 June 2004 and a study programme leading to a specialisation. Before enrolment, these candidates must complete course units consisting of a maximum of 35 ECTS credits from the second-cycle programme in legal studies. The study requirements (selection of courses) are determined for such

candidates by the Faculty's doctoral study committee, which takes into account the candidate's field of education (type of programme the candidate has completed);

- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits.

Enrolment in the doctoral programme in Legal Studies is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country is established by means of the procedure for the recognition of foreign qualifications for the purposes of further education, in accordance with the regulations that apply to the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

Each year the Faculty of Law decides on the number of available places for doctoral studies.

In the event of restricted enrolment, the following will be considered:

- in the amount of 30%, academic success in second-cycle studies (grade point average and grade for master's thesis) and in an academic programme adopted prior to 11 June 2004 (grade point average and grade for diploma thesis);
- results of the selection exam (70%).

Depending on the number of suitable candidates and mentors, the Doctoral Studies Commission may decide to limit enrolment in an individual module.

Location: Ljubljana, Faculty of Law main building, Poljanski nasip 2, 1000 Ljubljana

Mode of study: full-time

Procedures and deadlines for application to the Call and enrolment:

The application deadline is **21 August 2024, 23:59 CEST**. Candidates must complete and submit by the deadline their application for enrolment in the doctoral programme and all required evidence electronically via the [eVŠ web portal](#).

In addition to the completed *B3 Mentorship proposal* (Slov. *Predlog mentorstva*) form for doctoral study, which must be signed by the mentor, the application must include: the draft of the planned doctoral dissertation, a brief CV, a copy of the diploma certificate (for undergraduate and post-graduate study) or certificate of graduation if the diploma certificate is yet to be issued, and a certificate attesting the grade of the final thesis, certificate on completed exams (for undergraduate and graduate study) and grade point average, while candidates who have obtained their professional or scientific titles abroad must also provide the decision on the recognition of their qualifications for the purpose of further education at the University of Ljubljana Faculty of Law.

An information day for the doctoral study programme will be held **on 16 May 2024**, and candidates seeking further clarification should e-mail: referat.podiplomski@pf.uni-lj.si.

Candidates will receive notifications in electronic form via the eVŠ web portal on the necessary procedures and enrolment dates after the application deadline is closed, by 17 September 2024. Candidates will receive an informational message about the electronically delayed document or notification to their email address, which they provided when applying. Enrolment will take place electronically and will be completed by September 30, 2024 at the latest.

14. Doctoral programme in COMPUTER AND INFORMATION SCIENCE,

offered by the University of Ljubljana **Faculty of Computer and Information Science**,
Večna pot 113, 1000 Ljubljana, tel. +386 1 4798 123.

More information at: <https://fri.uni-lj.si/en/study-programme/computer-and-information-science-1>
E-mail: podiplomski.studij@fri.uni-lj.si

Official length of programme: 4 years

Number of enrolment places: 20 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Admission requirements:

Enrolment in the doctoral study programme is open to candidates who have completed:

- a 2nd-cycle study programme;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits;
- a study programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a professional higher education programme adopted prior to 11 June 2004 and a study programme to obtain a specialised qualification. Before enrolment, these candidates must complete course units consisting of a maximum of 60 ECTS credits in the second-cycle programme in Computer and Information Science. The study requirements (selection of courses) are determined for such candidates by the Faculty's study committee, which takes into account the candidate's field of education (type of programme the candidate has completed);
- a study programme leading to a master of science degree. Candidates will have study requirements in the amount of 60 ECTS credits recognised.

Students from abroad applying for the doctoral programme are subject to the same conditions as Slovenian citizens, provided they have completed an equivalent education abroad. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

Any restrictions on enrolment in the doctoral programme will be decided on by the Senate, on the proposal of the Vice-Dean for Research. The selection of candidates will be based on the grade point average (50%) and the diploma or master's thesis grade (50%).

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

Candidates for enrolment must complete and submit the digital application form including all required attachments and evidence on the eVŠ portal by Monday **3 June 2024, 23:59 CEST**. Required evidence includes the consent of the mentor and the brief concept of research work.

An information day will take place on Wednesday **3 April 2024 at 4 pm** at the Faculty of Computer and Information Science, Večna pot 113, Ljubljana.

Enrolment will be conducted electronically via the information system STUDIS and will be completed by Friday 27 September 2024.

15. Interdisciplinary doctoral programme in STATISTICS,

offered by the following member faculties of the University of Ljubljana:

-
- **Biotechnical Faculty**, Jamnikarjeva ulica 101 Ljubljana
- **School of Economics and Business**, Kardeljeva ploščad 17, Ljubljana
- **Faculty of Social Sciences**, Kardeljeva ploščad 5 Ljubljana
- **Faculty of Electrical Engineering**, Tržaška cesta 25 Ljubljana
- **Faculty of Mathematics and Physics**, Jadranska ulica 19, 1000 Ljubljana
- **Faculty of Arts**, Aškerčeva cesta 2, Ljubljana
- **Faculty of Medicine**, Vrazov trg 2, 1000 Ljubljana

The programme comprises **seven modules**:

- Biostatistics
- Statistics for Social Sciences
- Economic and Official Statistics
- Mathematical Statistics
- Business Statistics
- Psychological Statistics
- Technical Statistics

More information at: <https://www.uni-lj.si/study/doctoral/statistics/>

University of Ljubljana Office for Doctoral Studies, Kongresni trg 12, 1000 Ljubljana, Slovenia, doktorski.studij@uni-lj.si

Number of enrolment places: 20 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship, and foreign citizens.

Official length or programme: 4 years

Admission requirements:

Enrolment in the interdisciplinary doctoral study programme Statistics is open to candidates who have completed:

- a second-cycle study programme;
- a study programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a specialisation following completion of a professional higher education programme. The Programme Council may assign such candidates additional requirements of between 30 and 60 credits prior to enrolment in a third-cycle study programme;
- a study programme leading to professions regulated by EU directives, if it is evaluated at 300 credits (e.g. medicine, dental medicine, veterinary medicine, pharmacy) or another integrated master's programme evaluated at 300 credits;

- a study programme leading to a master of science degree or specialisation after completion of a study programme for obtaining an academic higher education qualification. Study requirements totalling at least 60 credits are recognised for such candidates in a third-cycle doctoral study programme.

Enrolment in the doctoral programme in Statistics is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

In the event of there being more applicants for the programme than places available, the selection of candidates for enrolment in the doctoral programme in Statistics will be based on their success in the former academic higher education programme or second-cycle studies, focusing particularly on:

- grade point average in the former academic higher education programme or second-cycle studies, excluding the diploma or master's thesis,
- diploma or master's thesis grade.

In the event of restricted enrolment, candidates with a higher total score will be selected (sum of the grade point average and the diploma or master's thesis grade).

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

In line with the instructions in the joint part of the Call, enrolment candidates must apply via the eVŠ web portal by **23 August 2024, 23:59 CEST**.

Enrolment will be conducted electronically via the Faculty of Mathematics and Physics website and will be completed by **30 September 2024 at the latest**.

Prior to enrolment, candidates are required to choose a mentor, who must meet the criteria set out by the University of Ljubljana as regards mentorship in doctoral studies, and submit, upon enrolment at the latest, their written consent. Candidates are also required to submit their brief concept of research work and must do so by enrolment at the latest.

The selection procedure will be done by the Programme Council Statistics on its session scheduled for 5 September 2024. The notification regarding the application and selection process will be served to candidates in electronic form via the eVŠ web portal at the beginning of September. Candidates will be informed of the documents on the eVŠ portal at the e-mail address provided in the application.

All other information related to enrolment will be posted on the website of the Statistics study programme <https://www.uni-lj.si/study/doctoral/statistics/>.

16. Doctoral programme in MECHANICAL ENGINEERING,

offered by the University of Ljubljana **Faculty of Mechanical Engineering**, Aškerčeva 6, 1000 Ljubljana.

Scientific fields:

- Energetical, Process and Environmental Engineering Sciences
- Machine Design and Mechanics Engineering Science
- Production Engineering Sciences, Cybernetics and Mechatronics

More information at: tel. +386 1 4771 169, by e-mail at doktorski@fs.uni-lj.si or on the website <https://www.fs.uni-lj.si/en/> and <https://www.fs.uni-lj.si/en/study/3rd-cycle-doctoral-study-programme/doctoral-programme-in-mechanical-engineering/program-information/>

Number of enrolment places: 50 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the third-cycle doctoral study programme in Mechanical Engineering is open to candidates who have completed:

- a second-cycle study programme;
- a study programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a specialisation in a natural science/engineering field, if they have previously completed a professional higher education programme. In order to balance the knowledge base of candidates before enrolment in the doctoral programme, the Doctoral Studies Committee at the University of Ljubljana's Faculty of Mechanical Engineering will set additional course units consisting of 30 ECTS credits, depending on the intended field of doctoral study;
- a study programme leading to a master of science degree. Study requirements totalling 60 ECTS credits are recognised for such candidates in a doctoral study programme;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits.

Enrolment in the doctoral programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

In the event of there being more applicants for the programme than places available, the selection of candidates for enrolment in the doctoral study programme will be based on their success in previous studies, success in the written selection exam and any achievements in the scientific and expert field, in the following proportions:

- grade-point average (15%),
- diploma or master's thesis grade (5%) and
- results of the written selection exam (80%).

Location: The studies will take place at the Faculty of Mechanical Engineering in Ljubljana.

Mode of study: full-time

Procedures and deadlines for application to the Call and enrolment:

In accordance with the instructions in the joint part of the Call, enrolment candidates must apply on the eVŠ web portal by **30 August 2024, 23:59 CEST**. Candidates must submit all required attachments and evidence by the end of the application deadline electronically on the eVŠ web portal.

The notification regarding the application and selection procedure will be served to the candidates in electronic form via the eVŠ web portal. Candidates will receive an informational message about the electronically delayed document or notification to their email address, which they provided when applying. Registration will take place electronically and will be completed no later than September 30, 2024.

Candidates who would like to enrol in the doctoral study programme after having completed a specialist study programme, in which they enrolled after completing a professional higher education programme, should note that they must complete additional requirements in the scope of 30 ECTS credits before enrolling in the programme.

17. Doctoral programme in TEXTILE ENGINEERING, GRAPHICS COMMUNICATION AND TEXTILE DESIGN,

offered by the University of Ljubljana **Faculty of Natural Sciences and Engineering**, Aškerčeva cesta 12, 1000 Ljubljana, covering the following **scientific fields**:

- Graphic and Interactive Communications
- Textile Design
- Textile Engineering

More information at: <https://www.ntf.uni-lj.si/toi/en/study/doctoral-degree/>

Number of enrolment places: 10 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral programme Textile Engineering, Graphic Communication and Textile Design is open to candidates who have completed:

- a 2nd-cycle study programme;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits;
- a study programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a Master of Science degree or specialisation after previously completing an academic programme; course units consisting of up to 60 ECTS credits are recognised for such candidates in accordance with the law, based on their application;
- a study programme leading to a specialisation, after completion of a professional higher education programme; for such candidates additional course units consisting of 30 to 60 ECTS credits are set.

Enrolment in the doctoral programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

Candidates will be selected based on their success in undergraduate studies, as well as their scientific and expert achievements. Individual elements of selection will be evaluated in the following manner:

- grade point average in previous study (grade x 10 points);
- grade for the diploma thesis and its defence (grade x 3 points);
- a research paper evaluated under the criteria of the Habilitation Commission of the University of Ljubljana – proportional allocation of points is taken into account ((2 to 8 points) x 2 points);
- Prešeren Award bestowed by the University of Ljubljana – proportional allocation of points is taken into account (10 points);
- Prešeren Award bestowed by the Faculty – proportional allocation of points is considered; if the same paper is submitted as a diploma thesis, only half of the envisaged points will be taken into account (6 points).

Location: Ljubljana

Mode of study: full-time

Procedures and deadlines for application to the Call and enrolment:

In accordance with the instructions in the joint part of the Call, enrolment candidates must apply on the eVŠ web portal by **1 September 2024, 23:59 CEST**.

A **second application deadline** will be opened in the event of available places, and will run from **19 to 20 September 2024, 23:59 CEST**.

The notification regarding the application and selection procedure will be served to the candidates in electronic form via the eVŠ web portal. Candidates will receive an informational message about the electronically delayed document or notification to their email address, which they provided when applying.

The accepted candidates will receive notifications on the necessary procedures and enrolment dates to their e-mail address.

18. Doctoral programme in THEOLOGY,

offered by the University of Ljubljana **Faculty of Theology**, Poljanska cesta 4, 1000 Ljubljana, covering the following ***fields of study:***

- Theology
- Marital and Family Therapy

More information at: +386 1 4345 836, <https://www.teof.uni-lj.si/doctoral-study>

E-mail: teof.referatdr@teof.uni-lj.si

Number of enrolment places: 20 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and non-EU foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the study programme is open to candidates who have completed:

- a 2nd-cycle study programme;

- a study programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a specialisation following a completed professional higher education programme. Prior to enrolment, these candidates must complete study requirements in the scope of 33 ECTS credits for the second-cycle study programme in Theology, or study requirements in the scope of 30 ECTS credits for the second-cycle study programme in Marital and Family Therapy. Study requirements in Theology comprise the following courses: People Working in the Field of Worship, Laypeople in Church, The Sacraments and Mission of Christian Living, The Hope Dimension of Being, Wisdom Literature, The Old Testament in the New Testament, "Hot" Topics from Church History, Anthropology with Ethics, Moral Theology with the Social Lessons of the Church. Study requirements in Marital and Family Therapy cover the following courses: Mental Health and Psychopathology of Individuals and Family, Basics of Research Methods in Marital and Family Studies, Research of Interventions and Phenomena in Marriage and Family, Seminar of Scientific Work for Graduates, Family and Marriage System (module);
- a study programme leading to a master of science degree or specialisation after completion of a study programme for obtaining an academic higher education qualification. Completed study requirements totalling a minimum of 60 ECTS credits are recognised for candidates in a doctoral study programme;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits.

Upon applying to the Call, enrolment candidates must enclose the written consent of the mentor.

Selection criteria in the event of restricted enrolment:

If a decision is made to limit enrolment, candidates will be selected on the basis of the following criteria:

- grade point average of completed study (45%);
- grade of university diploma or master's thesis (5%);
- results of the selection exam (50%).

Candidates can substitute up to 50% of the selection exam grade with a grade from prior scientific and professional work in the field of the study programme.

Location: Ljubljana

Mode of study: full-time

Procedures and deadlines for application to the Call and enrolment:

In accordance with the instructions in the joint part of the Call, enrolment candidates must apply via the eVŠ application by **24 August 2024, 23:59 CEST**.

In the case of available enrolment places, a second application deadline from **13 September 2024 to 17 September 2024, 23:59 CEST**, will be open.

Enrolment will be completed by **30 September 2024** at the latest.

19. Interdisciplinary doctoral programme in ART,

offered by the following member academies of the University of Ljubljana:

- **Academy of Fine Arts and Design**, Erjavčeva 23, Ljubljana, coordinator
- **Academy of Music**, Kongresni trg 1, 1000 Ljubljana,
- **Academy of Theatre, Radio, Film, and Television**, Trubarjeva cesta 3, 1000 Ljubljana,

in cooperation with the following member faculties of the University of Ljubljana:

- **Biotechnical Faculty**, Jamnikarjeva ulica 101, 1000 Ljubljana,

- **Faculty of Architecture**, Zoisova cesta 12, 1000 Ljubljana, and
- **Faculty of Natural Sciences and Engineering**, Aškerčeva cesta 12, 1000 Ljubljana.

Study fields:

- Fine Arts
- Design
- Music
- Theatre
- Radio
- Film
- Television
- Landscape Architecture
- Architecture
- Textile and Fashion Design

More information at:

- **Academy of Theatre, Radio, Film, and Television**
 Student Affairs Office
 Ljiljana Bibič, head of office
 e-mail: ljiljana.bibic@agrft.uni-lj.si and dekanat@agrft.uni-lj.si
 Telephone: + 386 1 251 04 12

Number of enrolment places: 24 - in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship, and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme Art is open to candidates who have completed:

- second-cycle study programmes;
- study programmes leading to an academic higher education qualification, adopted before 11 June 2004;
- previous study programs for the acquisition of a master's degree in art or a master's degree in science or specialization after the completion of the study programme for the acquisition of a university degree, adopted before 11 June 2004; for enrolment in doctoral study programs of the 3rd level, the relevant member body recognizes study obligations on the proposal of the coordinator of the field responsible for doctoral studies in the amount of at least 60 credit points;
- study programmes leading to professions regulated by EU directives, or other integrated master's degree programmes evaluated at 300 ECTS credits;
- foreign universities and academies (including art colleges), in accordance with the prescribed conditions as apply to students of the Republic of Slovenia; the equivalence of education

previously acquired abroad is established in the procedure of recognition of foreign education for continuing education in accordance with the UL Statute;

- study programmes for obtaining specialisation of those graduates who have previously completed a higher professional programme; before enrolling in the third-cycle study program, the programme council of the doctoral study programme Art sets these candidates additional obligations in the amount of 3060 credit points.

Criteria for selection in the event of enrolment limits:

The selection of candidates will be based on the success of the completed studies and on achievements in the artistic and professional field. The individual selection elements will be evaluated as follows:

- results in the 2nd cycle study (average grade at least 8): 10%
- assessment of the expert commission achieved on the test of artistic talent (90%):
 - the topic proposal, the draft of the doctoral study plan: 25%
 - portfolio of works of art to date: 25%
 - interview with the candidate: 40%

Expert commission for appraisal of artistic talent is named by the coordinator member of the artistic field(s).

At the proposal of the field coordinator, the competent body of the membership coordinator of the field responsible for doctoral studies decides on the suitability of the candidate.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

In accordance with the instructions in the joint part of the Call, enrolment candidates can apply on the eVŠ web portal within two application deadlines:

- 1st deadline: **7 June 2024, 23:59 CEST** (for citizens of the Republic of Slovenia, citizens of EU Member States and non-EU foreign citizens).

- 2nd deadline: from **24 June 2024 to 19 August 2024, 23:59 CEST** (only for citizens of the Republic of Slovenia and citizens of EU Member States).

The second deadline will be issued if places remain available after the first deadline closes.

Candidates must complete and submit by the stated application deadlines their application for enrolment in the doctoral programme and all required evidence electronically on the eVŠ web portal.

Enrolment will be completed by **30 September 2024** at the latest, at the member faculty that coordinates the field in question.

20. Joint doctoral programme GOVERNANCE AND ECONOMICS IN THE PUBLIC SECTOR,

offered by the University of Ljubljana **Faculty of Public Administration**, Gosarjeva ulica 5, 1000 Ljubljana and the **Faculty of Economics and Business of the University of Rijeka** (Croatia), Ul. Ivana Filipovića 4, 51000, Rijeka, Croatia, covering the following **programme modules**:

- Public Governance
- Economics

More information at: <https://www.fu.uni-lj.si/en/programi/doctoral-governance-and-economics-in-the-public-sector/>

E-mail: podiplomski@fu.uni-lj.si

Telephone: +386 1 58 05 504

Number of enrolment places: 20 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

Official length of programme: 3 years

Admission requirements:

Enrolment in the joint doctoral study programme Governance and Economics in the Public Sector is open to graduates of:

- second-cycle study programmes;
- former study programmes leading to a master of science degree or specialisation following completion of a study programme leading to an academic higher education qualification (for enrolment in a third-cycle doctoral study programme, the academic programme council recognises course units totalling at least 60 credits);
- former study programmes leading to a specialisation, if candidates have previously completed a professional higher education programme (for enrolment in a third-cycle doctoral study programme, the academic programme council sets a requirement of course units of 30 to 60 ECTS credits);
- study programmes leading to professions regulated by EU directives, if they are evaluated at 300 credits, or other integrated master's degree programmes evaluated at 300 credits;
- former study programmes leading to an academic higher education qualification, adopted before 11 June 2004.

Enrolment in the doctoral study programme Governance and Economics in the Public Sector is also open to graduates of foreign universities, whereby the equivalence of previously acquired education will be established by means of the procedure for the recognition and evaluation of qualifications in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

In the event of restricted enrolment, candidates will be selected based on:

- academic success (grade point average and final thesis grade) – 50%
- results of the selection exam (selection interview) – 50%.

Location: Ljubljana, Slovenia and Rijeka, Croatia

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

The first enrolment deadline is 8 September 2024, 23:59 CEST.

Candidates are required to submit their applications on the [eVŠ web portal](#) by **8 September 2024, 23:59 CEST**. Candidates should also submit electronically on the eVŠ web portal all required evidence by the end of the application deadline.

Enrolment will take place at the Faculty of Public Administration and will be completed by 29 September 2024 at the latest.

Candidates can find all information and instructions on the website <https://www.fu.uni-lj.si/en/programi/doctoral-governance-and-economics-in-the-public-sector/>

Candidates seeking further information can write to: podiplomski@fu.uni-lj.si.

Accepted candidates will be notified of further procedures and the enrolment dates in electronic form via the eVŠ web portal no later than September 13, 2024. Candidates will receive an information message about the electronically delayed document or notification to their email address, which they provided when applying.

21. Interdisciplinary doctoral programme in ENVIRONMENTAL PROTECTION,

offered by the following member faculties of the University of Ljubljana:

- **Biotechnical Faculty**, Jamnikarjeva ulica 101 Ljubljana
- **School of Economics and Business**, Kardeljeva ploščad 17, Ljubljana
- **Faculty of Social Sciences**, Kardeljeva ploščad 5 Ljubljana
- **Faculty of Civil and Geodetic Engineering**, Jamova cesta 2, Ljubljana
- **Faculty of Chemistry and Chemical Technology**, Večna pot 113, 1000 Ljubljana
- **Faculty of Mathematics and Physics**, Jadranska ulica 19, 1000 Ljubljana
- **Faculty of Maritime Studies and Transport**, Pot pomorščakov 4, Portorož
- **Faculty of Mechanical Engineering**, Aškerčeva 6 Ljubljana
- **Faculty of Arts**, Aškerčeva cesta 2, Ljubljana
- **Faculty of Medicine**, Vrazov trg 2, 1000 Ljubljana
- **Faculty of Natural Sciences and Engineering**, Aškerčeva cesta 12, Ljubljana
- **Faculty of Law**, Poljanski nasip 2, Ljubljana
- **Veterinary Faculty**, Gerbičeva ulica 60, 1000 Ljubljana

More information at: <https://www.uni-lj.si/study/doctoral/environmental-protection/in>
<https://www.pf.uni-lj.si/en/3rd-cycle/interdisciplinary-doctoral-programme-in-environmental-protection/>
Contact: referat.podiplomski@pf.uni-lj.si

Number of enrolment places: 20 – in total for citizens of the Republic of Slovenia, EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral programme in Environmental Protection is open to graduates of:

- second-cycle study programmes;
- study programmes leading to professions regulated by EU directives, if they are evaluated at 300 credits (e.g. medicine, dental medicine, veterinary medicine, pharmacy) or other integrated master's programmes evaluated at 300 credits;
- study programmes leading to a specialisation following completion of a professional higher education programme. The Environmental Protection Programme Council may assign such candidates additional course units consisting of between 30 and 60 credits to be completed before enrolment in the third-cycle study programme;
- study programmes leading to a master of science degree or specialisation after completion of a study programme leading to an academic higher education qualification. Study requirements totalling at least 60 credits are recognised for such candidates in a third-cycle doctoral study programme;

- study programmes leading to an academic higher education qualification, adopted before 11 June 2004.

Enrolment in the Environmental Protection doctoral study programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

In the event of there being more applicants for the programme than places available, the selection of candidates for enrolment in the interdisciplinary doctoral programme Environmental Protection will be based on:

- performance in a former academic higher education programme or a second-cycle programme (50%)
(of which 40% for an average grade of 8 or higher in a former academic higher education programme or second-cycle programme, and 10% for a grade of 9 or 10 for the diploma or master's thesis),
- results of the selection exam (50%)
(of which 30% for presentation of the doctoral dissertation, and 20% for certificates of scientific and research work and awards).

In the event of restricted enrolment, candidates with a higher total percentage will be selected.

When selecting candidates for enrolment, the free research capacities of potential mentors will also be considered.

Location: Ljubljana, Portorož

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

In accordance with instructions in the joint part of the Call, enrolment candidates must apply via the eVŠ web portal by **21 August 2024, 23:59 CEST**.

Prior to enrolment, candidates are required to choose a mentor and a co-mentor, who must meet the criteria set out by the University of Ljubljana as regards (co-)mentorship in doctoral studies, and submit, upon enrolment at the latest, the mentor's and co-mentor's written consent. Candidates are also required to submit their brief concept of research work and must do so by enrolment at the latest.

The selection procedure will be done by the Programme Council Environmental Protection on its session scheduled for 3 September 2024. Applicants will be notified of the decisions in electronic form via the eVŠ web portal after the session of the Programme Council. Candidates will be informed of the documents on the eVŠ portal at the e-mail address provided in the application.

All other enrolment-related information will be published on the website of the Environmental Protection study programme: <https://www.uni-lj.si/study/doctoral/environmental-protection/application/call-ep>.

22. Interdisciplinary doctoral programme in MATERIALS SCIENCE AND ENGINEERING,

offered by the University of Ljubljana **Faculty of Natural Sciences and Engineering**, Aškerčeva cesta 12, 1000 Ljubljana, in cooperation with the following member faculties of the University of Ljubljana:

- **Faculty of Chemistry and Chemical Technology**, Večna pot 113, 1000 Ljubljana
- **Faculty of Mathematics and Physics**, Jadranska ulica 19, 1000 Ljubljana.

Scientific fields:

- Materials
- Metallurgy
- Mining and Geotechnology

More information at:

<https://www.ntf.uni-lj.si/omm/en>

Number of enrolment places: 15 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study on materials is open to candidates who have completed:

- a second-cycle study programme (Bologna master's programme);
- an integrated master's programme leading to professions regulated by EU directives, if they are evaluated at 300 ECTS credits, or another integrated master's programme evaluated at 300 ECTS credits;
- a former study programme leading to an academic higher education qualification;
- a study programme leading to a specialisation, if candidates have previously completed a professional higher education programme; in this case for enrolment in the third-cycle programme they will be assigned additional course units totalling 30 to 60 ECTS credits;
- a former study programme leading to a master of science degree or a specialisation following the completion of a study programme leading to an academic higher education qualification. Course units totalling at least 60 ECTS credits are recognised for such candidates in the third-cycle doctoral study programme.

Selection criteria in the event of restricted enrolment:

In the event of a larger number of candidates, the selection process will be based on:

- grade point average or academic success so far (60%)
- any scientific/research and professional publications, awards, and relevant practical experience (40%).

Candidates with the highest score will be selected.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

In accordance with the instructions in the joint part of the Call, enrolment **candidates must apply on the eVŠ web forum.**

The first enrolment deadline is 1 September 2024, 23:59 CEST.

In the event of available enrolment places, the second enrolment deadline will be open from 19 to 20 September 2024, 23:59 CEST. Information about the second deadline will be published on the Faculty website.

All information and instructions are available at the Faculty's website.

Number of available enrolment places and application deadlines for doctoral study programmes at the University of Ljubljana – 2024/2025

Doctoral study programme	Number of available places for the 1st year (<i>in total for everyone: citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship, and foreign citizens</i>)	Application deadlines*
Architecture	15	First application deadline: 21 August 2024 In the event of available enrolment places a second application deadline will be opened: 9 September 2024 – 19 September 2024.
Art	24	First application deadline: 7 June 2024 (citizens of the Republic of Slovenia, EU Member States, and foreign citizens) In the event of available enrolment places a second application deadline will be opened: 24 June 2024 – 19 August 2024 (citizens of the Republic of Slovenia and EU Member States).
Biomedicine	160	26 July 2024
Biosciences	75	23 August 2024
Economics and Business	20	21 June 2024
Electrical Engineering	50	19 August 2024
Built Environment	30	First application deadline: 23 August 2024 In the event of available enrolment places a second application deadline will be opened: 9 September 2024 – 13 September 2024.
Humanities and Social Sciences	244	First application deadline: 7 June 2024 (citizens of the Republic of Slovenia, EU Member States, and foreign citizens)

		In the event of available enrolment places a second application deadline will be opened: 17 June 2024 – 19 August 2024 (citizens of the Republic of Slovenia and EU Member States).
Teacher Education and Educational Sciences	20	2 September 2024
Chemical Sciences	40	First application deadline: 3 September 2024 In the event of available enrolment places a second application deadline will be opened: 17 September 2024 – 18 September 2024 .
Kinesiology	12 , 10 of which are intended for citizens of the Republic of Slovenia and of EU Member States, and 2 for Slovenians without Slovenian citizenship and foreign citizens.	First application deadline: 1 September 2024 In the event of available enrolment places a second application deadline will be opened: 12 September 2024 – 23 September 2024
Mathematics and Physics	60	First application deadline: 10 June 2024 In the event of available places, a second application deadline will be opened 1 August 2024 – 1 September 2024 ; In the event of available places, a third application deadline will be opened from 19 to 20 September 2024
Maritime Studies and Transport	5	First application deadline: 4 September 2024
Legal Studies	41	21 August 2024
Computer and Information Science	20	3 June 2024
Statistics	20	23 August 2024
Mechanical Engineering	50	30 August 2024
Textile Engineering, Graphic Communication and Textile Design	10	First application deadline: 1 September 2024 In the event of available enrolment places a second application deadline will be opened: 19 September 2024 – 20 September 2024

Theology	20	First application deadline: 24 August 2024 In the event of available enrolment places a second application deadline will be opened: 13 September 2024 – 17 September 2024
Governance and Economics in the Public Sector	20	8 September 2024
Environmental Protection	20	21 August 2024
Materials Science and Engineering	15	First application deadline: 1 September 2024 In the event of available enrolment places a second application deadline will be opened: 19 September 2024 – 20 September 2024
TOTAL:	971	

* Application deadlines are open until 23:59 CEST on the stated date.
