

PUBLIC INTERNATIONAL JOB ANNOUNCEMENT

UNIVERSITY OF LJUBLJANA
FACULTY OF MATHEMATICS AND PHYSICS, Jadranska 19, 1000 Ljubljana

POSITION: (D019001) University teacher of Physics (m/f)

Reference number of public international job announcement: PH17884

- Number of available positions: 1
- Position code: D019001
- Title code: 3, 2 or 1
- Title: Assistant Professor / Associate Professor / Professor
- Salary scale: IX
- Status: part-time, 6 hours/week (15%)
- Type of contract: temporary from 01. 10. 2024 to 31. 03. 2025
- Start of employment: 01. 10. 2024

CONDITIONS FOR THE POSITION:

- Doctoral degree (Ph.D.) in Physics (foreign documents may be used in the Republic of Slovenia if they are duly certified in the country of origin, in accordance with the Act on the Legalization of Documents in International Traffic; documents issued in the states that signed the Hague Convention of abolishing the Requirement of Legalization of Foreign Public Documents must be certified with the Apostille stamp),
- The title of Assistant Professor, Associate Professor, or Full Professor of Physics or related fields. For a candidate who has a valid habilitation title at another university, the procedure of determining the equivalence of this title with a teacher's title at the University of Ljubljana may be carried out, or an application for a habilitation title of a visiting teacher may be requested. The candidate may also meet the minimum quantitative and qualitative conditions for election to the title, according to the Statute of the University of Ljubljana (Official Gazette of the Republic of Slovenia No. 4/2017) and the Criteria for elections to the titles of higher education teachers, researchers, and associates of the University of Ljubljana of 25.10.2011 (and amendments) - in this case, the candidate must submit, together with the application for the position, evidence of meeting the above conditions for election to the title, or for recognition of the title (in accordance with Article 157 of the Statute of the UL). The candidate must submit a statement that he/she agrees that, in the case of a positive decision of the selection committee, his/her application is also considered an application for election to the title, or for recognition of the equivalence of the title,
- Knowledge of the Slovene language at level B2, according to the European Reference Framework for Languages (CEFR), which is demonstrated by appropriate evidence (if the selected candidate does not know the Slovene language at the time of employment, he/she must learn it within three years of employment),
- Rhetorical skills, innovation, a sense of organising one's own work and the work of colleagues,
- Priority will be given to candidates with expertise in the field of experimental physics of solid matter.

JOB DESCRIPTION of work within the project "UL for a sustainable society - ULTRA", co-financed by the Republic of Slovenia, the Ministry of Higher Education, Science and Innovation and the European Union - NextGenerationEU (pilot project: NOO ULTRA: Digital engineering: core competencies for green technologies):

- Designing and updating curricula and adapting higher professional education programs according to requirements,
- Organising or co-organising all activities for the implementation of the course in accordance with the curriculum and the findings of the profession, and the coordination of work and supervision over the work of other course providers (assistants, technical and other collaborators),
- Lectures to students, conducting seminars and other pedagogical activities for a subject,
- Conducting, assessing, and correcting examination tasks and tests,
- Mentoring students in the preparation of diploma theses and other works,

- Participation in other activities related to pedagogical work in the field of profession (nostrification, etc.),
- Scientific research, study, and development of concepts, theories, and methods,
- Ensures a safe and healthy work environment for the workers and students of a unit, ensures appropriate education and training of persons who come into contact with dangerous substances, as well as the use of personal protective equipment and other safety measures,
- Performing other tasks that belong to the broader professional field of the workplace.

THE FOLLOWING CRITERIA WILL BE USED WHEN SELECTING A CANDIDATE:

- top scientific research work in the field;
- demonstrated ability to obtain and manage national or international research grants;
- quality of pedagogical work at all levels of study;
- experience in management and organisational tasks and willingness to undertake such tasks.

MANDATORY ATTACHMENTS:

- curriculum vitae that contains relevant qualifications and includes experience performing organizational tasks;
- a complete bibliography;
- list of ten most important publications;
- list of successful project applications;
- evidence of pedagogical work;
- research plan for the next five-year period (maximum three pages);
- (optional) two letters of recommendation, which must be sent directly from its composer to the email address razpis@fmf.uni-lj.si

JOB VACANCY PUBLISHED ON: 06.06.2024
