

CROATIA

CONVERSION OF GRADES

Conversion of grades from Croatian certificates into the Slovenian grading system:

Croatian grading scale	Slovenian grading scale
5 (odličan)	5 (excellent)
4 (vrlo dobar)	4 (very good)
3 (dobar)	3 (good)
2 (dovoljan)	2 (sufficient)
1 (nedovoljan)	1 (insufficient)

DETERMINING THE OVERALL GRADE IN THE LAST TWO YEARS

The grades from the penultimate and final years of secondary school are used. The overall grade for the last two years is determined as stated in the certificate.

DETERMINING GRADES IN THE SCHOOL LEAVING CERTIFICATE

If in the process of recognition the school leaving certificate is treated **as the general matura certificate obtained in Slovenia**, the procedure uses three subjects from the compulsory part of the matura, which the candidate can take at the standard or higher level: foreign language and mathematics. Native language can only be performed at the higher level (from 2023/2024 onwards). The highest number of points is **24/100** standardised points, and the lowest is **6/40** standardised points.

Conversion of grades into the Slovenian scale for the standard and higher levels:

Croatian grading scale		Slovenian grading scale	
Level A	Level B	Higher level	Standard level
5		8 (5+3)	
4		6 (4+2)	
	5		5
3		5 (3+2)	
	4		4
2		3 (2+1)	
	3		3
	2		2

For the higher level, points are accumulated according to the rule: 2 + 1, 3 + 2, 4 + 2, 5 + 3.

The overall grade in the matura is calculated using the following formula:
overall grade = converted grade 1 + converted grade 2 + converted grade 3 x $\sqrt{2}$ (1.41). The maximum number of points is 34.

Elective subjects are not considered at the higher level, since in Slovenia, in accordance with the Slovenian general matura, elective subjects are not taken at the higher level; candidates also receive from 40 to 100 standardised points for these subjects. If the candidate's school leaving certificate does not indicate grade for **the individually required subject of the optional part of the general matura**, the candidate will receive zero (0) points for these subjects.
