DETERMINING THE OVERALL GRADE IN THE LAST TWO YEARS

The grades from the penultimate and final years of secondary school are used. If the overall grades of the last two years are not stated, the average of all listed grades in the individual year will be used in determining the overall grade for an individual year.

DETERMINING GRADES IN THE SCHOOL LEAVING CERTIFICATE

If in the process of recognition the school leaving certificate is treated as the **final exam, which was taken in Slovenia up until 1995:**

- the highest number of points is 10 - 100 standardised points, and the lowest is 4 – 40 standardised points.

If the candidate's school leaving certificate does not indicate grade for **the individually required subject**, the grade in the final year of secondary school is taken into account for that grade. If in the final year, the candidate did not take the required subject, they will receive zero (0) points for that subject.
