

Call for Enrolment in the doctoral degree programmes of the University of Ljubljana in the 2022/2023 academic year

INTRODUCTION

In the 2022/2023 academic year, the University of Ljubljana is issuing a Call for Enrolment in **21 doctoral degree programmes**.

The Call comprises a **joint part**, which contains relevant information on the Call for Enrolment, and a **special part**, in which individual doctoral programmes are presented in greater detail, along with the member faculties and academies providing the programmes, the envisaged number of enrolment places, application deadlines and other information and instructions relevant for the candidates. Detailed information on doctoral study programmes is available on this link: <https://www.uni-lj.si/study/doctoral/>.

In accordance with Article 14 of the Rules and Regulations on Doctoral Study at the University of Ljubljana, a candidate is by the end of the application deadline obliged to come to an agreement with a higher education teacher or a scientific researcher to serve as mentor/co-mentor. The student is required to submit both the teacher's/researcher's written consent and a short conceptual plan of the research work upon enrolment at the latest.

I. JOINT PART OF THE CALL

a) Application for enrolment

Candidates **should submit their application for enrolment in the doctoral programme offered, electronically on the web portal eVŠ** <https://portal.evs.gov.si/prijava/?lang=en>. The website also contains detailed instructions on how to complete the application form.

Candidates can obtain detailed information on the credentials required for their enrolment application and for recognition of their education for the purpose of further education when they log in on the eVŠ web portal and from the contact addresses stated in the individual doctoral programmes.

Doctoral study programmes of the University of Ljubljana are open to all candidates, regardless of whether they have already completed their previous studies or not at the time of submitting their application. Although completing previous studies is not a requirement for application, it is a requirement for enrolment in a study programme. We advise candidates to submit their applications within the individual deadline if they expect to complete their studies before enrolment is completed. In such cases, candidates should send all evidence of completion of studies and a grade-point average certificate in accordance with instructions and deadlines from this call and instructions and deadlines they receive from the relevant UL member faculty or academy.

Candidates who would like to enrol in doctoral study programmes under the criteria in place for transitions/advancement to higher years, and candidates who have not completed their post-graduate/doctoral study programmes must also apply on the web portal eVŠ by the deadline stated for their respective study programme.

Only applications that have been **completed** and **submitted** by the end of the application deadline on the [eVŠ web portal](#) will be considered to be submitted in due time.

Candidates are required to follow the e-mail address provided in their application and the notifications on the eVŠ web portal, as communication and possible calls for supplementations to their application for enrolment take place in those ways.

Candidates submit their application together with all the required supporting material and credentials, electronically on the web portal eVŠ if the applicant's identity can be determined. The applicant's identity will be verified based on the EMŠO (for Slovenian citizens) or a copy of their personal identity document (for EU citizens based on their personal ID or passport, and for non-EU citizens based on their passport).

The credentials that prove the candidate's meeting the admission requirements **include scanned documents or photographs of original certificates and other required documents and supporting material.** Candidates will be notified of any requirement to supplement their applications via the e-mail address they provided in their application on the eVŠ portal.

Candidates should attach their credentials to their applications or submit it subsequently in accordance with the instructions and deadlines given in this Call, or in accordance with the notifications they receive from the UL member faculty or academy or on the eVŠ portal.

Candidates should pay attention to the deadline of the electronic submission of the supporting material to the application for enrolment, as after this date the submission of the supporting material is no longer possible. If the candidate has technical and other problems with submitting the required materials on the eVŠ web portal, they should report this to the first level of assistance to applicants at ekc@gov.si (it should be noted that the request for assistance will be considered during official hours). Complaints due to technical difficulties in submitting the required materials will not be considered unless reported in this manner.

Instructions for submitting credentials and supporting material are posted here: <https://portal.evs.gov.si/information-in-english>.

Contact for support for candidates in completing the application for enrolment:

The single state administration contact centre (EKC)

e-mail: ekc@gov.si

Tel: 080-2002 (Monday-Friday: 8 am to 4 pm)

For calls from other countries: +00 386 1478 85 90

For content-related questions in relation to the Call for Enrolment, candidates can approach the competent administrative offices or contact addresses, which together with the deadlines for application published in the second part of the Call are provided with each individual doctoral programme in the Call.

b) Candidates with foreign degree qualifications

The foreign certificates of education which will be submitted via the eVŠ together with all the required credentials and supporting material will automatically undergo the process of recognition of foreign educational qualifications for the purpose of further education at the University of Ljubljana.

Information on education recognition procedures can be found on the following websites: <https://www.uni-lj.si/study/information/recognition-of-foreign-education-for-enrolment-in-second-and-third-cycle-studies-and-for-transfer>.

The admissions procedure will process and consider only those applications and requests for recognition of foreign education that are submitted on the eVŠ web portal by the end of the application deadline.

Candidates can attach to their application a scan or photograph of a personal identity document¹ with their written consent on the eVŠ web portal as follows:

- citizens of EU Member States: personal ID or passport (page showing the candidate's personal data, including name, surname, date and place of birth and citizenship),
- foreign citizens of non-EU Member States: passport (page showing the candidate's personal data, including name, surname, date and place of birth and citizenship).

The education recognition procedure must be concluded before enrolment in the doctoral study programme.

c) Application deadlines

Application deadlines differ from one study programme to another and are specified in the Call next to each doctoral study programme. Detailed explanations on admission requirements (compliance of previous education and other requirements) and any further information are available to candidates at the University of Ljubljana member faculties and academies or at the contact address given alongside each study programme in the Call.

d) Additional application deadlines

The member faculties and academies providing or coordinating doctoral programmes may decide in the application procedure, or after the expiry of the application deadline set next to each study programme in the Call for Enrolment, to **publish additional application deadlines** (if the places available have not yet been filled). Additional application deadlines are already published for some doctoral programmes in this Call, and any additional application deadlines for other doctoral programmes will be posted subsequently on the websites of the University of Ljubljana and the member faculties providing the doctoral programmes in question.

e) Applications for enrolment in a higher year

¹ Attachment is not obligatory. If the higher education institution needs to access a personal identity document to determine the identity and citizenship of an individual, it will specifically request this. The competent authority of the higher education institution is bound to obtain and verify credentials necessary for enrolment applications and recognition of education for the purpose of further education, as laid down in the regulations governing evidence of fulfilment of the enrolment conditions and documentation that must be attached to applications for the recognition of education.

Students can apply for enrolment in a higher year of a doctoral programme at the University of Ljubljana as per the Criteria for transfers between programmes or conditions for accelerated advancement.

Candidates who intend to enrol directly in a higher study year of a doctoral programme are also required to register via the eVŠ system web portal and indicate their enrolment in the higher year as appropriate.

The number of available places for enrolment in the 2nd year is limited by the number of students enrolled in the 1st year in the 2021/2022 academic year, the number of available places for enrolment in the 3rd year is limited by the number of students enrolled in the 2nd year in the 2021/2022 academic year, the number of available places for enrolment in the 4th year is limited by the number of students enrolled in the 3rd year of the 2021/2022 academic year, unless otherwise specified for the individual study programme. The number of available places in accordance with Criteria for transfers is indicated in the table attached to the call. If there are no specifically indicated places for enrolment according to the Criteria for transfers, please consult the UL member faculty or academy that provides a specific doctoral programme about this possibility.

Candidates applying for enrolment in a higher year must also meet the conditions in place for enrolment in the first year of their chosen study programme. The year in which a candidate may enrol is determined by the member faculty or academy in the application and admission procedure regardless of the selected year marked by the candidate in their enrolment application. This means that the procedure may determine that a candidate meets the conditions for enrolment in the 1st year but not in the indicated higher year.

Candidates may obtain information on the conditions and procedures for enrolment in a higher year (as per the transfer or accelerated advancement criteria) at the doctoral studies office of the individual member faculty or academy. Contact addresses can be found alongside each study programme in the Call.

More information about criteria for transfers between programmes is available at:
<http://pisrs.si/Pis.web/pregledPredpisa?id=MERI48>.

f) Selection of candidates

Enrolment in doctoral study programmes is open to candidates who have attained at least a secondary level of education as defined by the Higher Education Act, or an equivalent or higher level attained under the previous regulations in Slovenia or attained abroad.

Candidates must fulfil other enrolment conditions stated separately for each study programme.

If the number of candidates meeting the enrolment criteria exceeds the number of places available, the candidates will be selected in line with the criteria determined for the study programme upon any enrolment restriction.

Candidates will be informed of the results of the selection procedure in writing or on the eVŠ information system. Documents will be deemed to have been delivered to candidates on the second working day following the date of publication of such documents on the eVŠ web portal, or on the fifth working day in the case of notification by post.

Candidates are to take special note of the requirement to complete any necessary additional obligations before enrolment in a study programme (pursuant to the admission requirements as stated next to the published doctoral programme).

g) Enrolment deadlines

Pursuant to the Rules on the call for enrolment and enrolment in higher education, students will enrol in doctoral study programmes no later than *by 30 September* or, for legitimate reasons subject to a ruling by the competent body of the higher education institution, no later than by 30 October.

The exact enrolment dates will be published by the relevant University of Ljubljana member faculties and academies on their websites or will be communicated to the candidates directly.

h) Tuition fees, study price lists

Tuition fees and other costs for enrolment in doctoral programmes at the University of Ljubljana are published in the [Price list for student services](#).

i) Information days

Member faculties and academies providing doctoral programmes hold information days for enrolment in doctoral programmes at the University of Ljubljana. The dates of information days will be published on the website of the University of Ljubljana or on websites of individual member faculties and academies if they had not already been included in the Call for individual doctoral study programmes.

j) Information for foreign students

Foreign nationals (candidates who are not citizens of EU Member States) and Slovenians without Slovenian citizenship will, provided they meet the general conditions, enrol pursuant to the provisions of the Rules on the call for enrolment and enrolment in higher education and the Rules on tuition fees and accommodation in student dormitories for Slovenian nationals without Slovenian citizenship and foreigners in the Republic of Slovenia.

Citizens of EU Member States and those of non-EU countries who have permanent residence in Slovenia and are themselves or have at least one parent or guardian that is a resident of the Republic of Slovenia for tax purposes, and persons granted international protection in accordance with the International Protection Act (Official Gazette of the Republic of Slovenia No. 16/17) should apply for places advertised jointly for Slovenian citizens and citizens of EU Member States that are published in the Call for Enrolment and in a manner and within the deadlines stated for the individual study programme. Evidence of the status of a person granted international protection and of those requesting international protection will be obtained by the member faculties or academies providing the doctoral programme ex officio from the competent authority (Slovenian Ministry of the Interior).

Doctoral study programmes are provided in Slovenian, and in the case of foreign candidates also in English. The stated conditions for enrolment in doctoral study programmes in terms of language competence mean that candidates who have completed study programmes whereby they fulfil the conditions for enrolment in a doctoral programme should have a comparable knowledge of

Slovenian or English at least at level B2. Candidates are therefore expected to have a command of Slovenian and English at a level that ensures a basis for them to be able to complete their study requirements.

Complete information for foreign nationals is available at: <https://www.uni-lj.si/study/>.

II. TEXT OF THE CALL BY STUDY PROGRAMME:

1. Doctoral programme in ARCHITECTURE,

offered by the University of Ljubljana **Faculty of Architecture**, Zoisova cesta 12, 1000 Ljubljana.

More information: <http://www.fa.uni-lj.si/default.asp?id=2844>

- Information on study content: Prof. Tadeja Zupančič, tel. +386 12000 715, tadeja.zupancic@fa.uni-lj.si
- General information (enrolment procedure and submission of supplemental documents to the application): Katja Knez, tel. +386 12000 774, katja.knez@fa.uni-lj.si

Number of enrolment places:

- **for enrolment in the first year: 15** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens
- **for enrolment under the criteria for transition to the second year: 2** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens
- **for enrolment under the criteria for transition to the third year: 2** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens
- **for enrolment under the criteria for transition to the fourth year: 2** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme Architecture is open to candidates who have completed:

- a second-cycle study programme;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits;
- a programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a specialisation after completion of a professional higher education programme, provided the candidate has completed course units consisting of 30 ECTS credits in the following subjects from the integrated master's programme in Architecture:

Architectural Theory and Critique,
Introduction to Research in Architecture and Urbanism,
Theory of Physical and Regional Planning,
Action Planning and Strategic Assessment,
Design Concepts,
Settlement Culture,
Art History,

Comprehensive Preservation of Built Heritage,
Computer Supported Architecture and
Concepts of Structures.

In accordance with the transitions criteria, enrolment in the doctoral degree programme Architecture is open to candidates who have completed:

- a master of science degree following a study programme leading to an academic higher education qualification; on enrolment at least 60 credits will be recognised for such candidates, in accordance with the law,
- a previous specialisation following a study programme leading to an academic higher education qualification; on enrolment at least 60 credits will be recognised for such candidates, in accordance with the law.

Enrolment in the doctoral programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

Should a resolution on enrolment limitation be adopted (if the number of applying candidates who meet the enrolment criteria exceeds the number of enrolment places), candidates will be selected according to:

performance in a second-cycle study programme (20% weighting) or in an integrated master's programme comprising 300 ECTS or in a study programme leading to an academic higher education qualification or a study programme leading to a specialisation following completion of a professional higher education programme and additional exams defined in the fourth indent of the admission requirements;

The following criteria will be considered:

- grade-point average (15%) and
 - grade of university diploma or master's thesis (5%);
- and
- performance in the selection exam (80% weighting). The selection exam consists of a written and oral section. The following are assessed:
 - written and oral presentation of a Draft Plan of Doctoral Studies prepared in accordance with the Regulations on the procedure for the acquisition of the title of “doktor/doktorica znanosti” at the Faculty of Architecture (60%);
 - recommendations of distinguished researchers (10%);
 - proof of research work undertaken prior to enrolment in the programme (10%).

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment.

Candidates must apply for the programme by Monday **22 August 2022, 23:59 CEST** on the eVŠ web portal.

The date of presenting the doctoral study draft plan will be published on the website of the Faculty of Architecture. Accepted candidates will be notified of further procedures and the enrolment dates via the e-mail they provided in their application on the eVŠ web portal. Enrolment will be completed by **30 September 2022**.

The information day will be held on Wednesday, 18 May 2022. The location will be published on the Faculty of Architecture website: http://www.fa.uni-lj.si/default.asp?k=news_3

2. Interdisciplinary doctoral programme in BIOMEDICINE,

offered by the following member faculties of the University of Ljubljana:

- **Biotechnical Faculty**, Jamnikarjeva ulica 101, 1000 Ljubljana
- **Faculty of Pharmacy**, Aškerčeva cesta 7, 1000 Ljubljana
- **Faculty of Chemistry and Chemical Technology**, Večna pot 113, 1000 Ljubljana
- **Faculty of Medicine**, Vrazov trg 2, 1000 Ljubljana
- **Veterinary Faculty**, Gerbičeva ulica 60, 1000 Ljubljana,

in cooperation with the following research institutes:

- **Jožef Stefan Institute**, Jamova cesta 39, 1000 Ljubljana
- **Chemistry Institute**, Hajdrihova 19, 1001 Ljubljana, and
- **National Institute of Biology**, Večna pot 111, 1000 Ljubljana.

Scientific fields:

- Biochemistry and Molecular Biology
- Pharmacy
- Genetics
- Public Health
- Clinical Biochemistry and Laboratory Biomedicine
- Clinical Medicine
- Basic Medicine
- Medical Microbiology
- Neuroscience
- Toxicology
- Veterinary Medicine

More information: <https://www.uni-lj.si/study/doctoral/biomedicine/>
University of Ljubljana Office for Doctoral Study, Kongresni trg 12, 1000 Ljubljana, Slovenia,
doktorski.studij@uni-lj.si

Number of enrolment places: 180 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

Official length of programme: 4 years

Admission requirements:

Enrolment in the interdisciplinary doctoral study programme Biomedicine is open to candidates who have completed:

- a second-cycle study programme;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits;
- a study programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a master of science degree or a study programme leading to specialisation, if the candidate has previously completed a programme leading to an academic higher education qualification. Course units totalling 60 ECTS credits are recognised for these candidates based on their application, as provided by law,
- a study programme leading to a specialisation following a completed professional higher education programme. Additional study requirements for individual fields totalling 30 to 60 ECTS credits are determined for these candidates by the Biomedicine Programme Council.

Enrolment in the doctoral programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

In the event of restricted enrolment, the candidates will be selected based on:

- performance in 2nd cycle studies or performance in an integrated master's programme evaluated at 300 credits, or performance in a former academic higher education programme and
- the selection exam, where the following is also evaluated:

1. a reviewed scientific article, published or accepted for publication,
2. awards and recognitions,
3. professional specialisation and
4. other.

The rating method is determined by the Programme Council.

In the event of restricted enrolment, candidates with a higher total score will be selected.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

Candidates (Slovenian citizens, EU citizens, Slovenians without Slovenian citizenship, foreign citizens) for enrolment must apply for the programme **by 27 July 2022, 23:59 CEST** on the eVŠ web portal. Candidates should submit all evidence required for their application on the eVŠ web portal.

Candidates lacking the appropriate prior education for involvement in the work of the core course of their chosen scientific field may be assigned an additional exam, which must be passed prior to enrolment, by the Programme Council on the proposal of the coordinator of the scientific field.

The selection procedure will be done by the Programme Council Biomedicine on its session scheduled for 25 August 2022. Applicants will be notified of the decisions by e-mail or on the eVŠ web portal at the beginning of September.

Enrolment will be conducted electronically via the websites of member faculties that coordinate specific scientific fields:

- at the Biotechnical Faculty for the field of Genetics,
 - at the Faculty of Pharmacy for the fields of Pharmacy, Clinical Biochemistry, Laboratory Biomedicine and Toxicology,
 - at the Faculty of Medicine for the fields of Biochemistry and Molecular Biology, Clinical Medicine, Basic Medicine, Public Health, Medical Microbiology and Neuroscience,
 - at the Veterinary Faculty for the field of Veterinary Medicine,
- and will be completed by **30 September 2022 at the latest**.

Prior to enrolment, candidates are required to choose a mentor and submit, upon enrolment at the latest, the mentor's written consent to mentorship. The mentor must provide at least three references pertaining to the field of the envisaged topic of the doctoral dissertation, and must meet other conditions laid down by the University of Ljubljana regarding mentorship in doctoral studies. Candidates are also required to submit their concept for the doctoral dissertation, and must do so by enrolment at the latest.

All other enrolment-related information will be published on the website of the Biomedicine study programme <https://www.uni-lj.si/study/doctoral/biomedicine/application/call-b>.

3. Interdisciplinary doctoral programme in BIOSCIENCES,

offered by the following faculties of the University of Ljubljana: **Biotechnical Faculty** as the programme coordinator, in cooperation with: **Faculty of Electrical Engineering, Faculty of Computer and Information Science, Faculty of Mechanical Engineering and Faculty of Health Sciences.**

Contact:

Biotechnical Faculty, Jamnikarjeva ulica 101, 1000 Ljubljana

More information:

Biotechnical Faculty, Postgraduate Office for 3rd Cycle Study

Mag. Vesna Ješe Janežič

e-mail: vesna.jesejanezic@bf.uni-lj.si, telephone: +386 1 3203 027

Biosciences website: <http://www.bioznanosti.si/en>

Scientific fields:

- Agronomy
- Bioinformatics
- Bioengineering in Health Sciences

- Biology
- Biotechnology
- Economics of Natural Resources
- Horticulture
- Landscape Architecture
- Wood and Biocomposites
- Nanosciences
- Microbiology
- Nutrition
- Technical Systems in Biotechniques
- Managing Forest Ecosystems
- Protection of the Natural Heritage
- Animal Science
- Cell Science
- Food Science

Official length of programme: 4 years

Number of enrolment places: 75 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

Admission requirements:

Enrolment in the programme is open to graduates of:

- second-cycle study programmes;
- study programmes leading to professions regulated by European Union directives (for doctors, veterinarians, dentists and pharmacists) and which are evaluated with at least 300 ECTS credits;
- study programmes leading to a specialisation following completion of a professional higher education programme. Additional study requirements for individual fields totalling 30 to 60 ECTS credits are determined for candidates by the competent committee. Prior to enrolment, candidates must have completed the following:
- study programmes leading to a master of science degree or specialisation after completion of a study programme leading to an academic higher education qualification. Candidates will have study requirements in the amount of 60 ECTS credits recognised. Recognition of study requirements will be determined by the competent committee in agreement with the mentor;
- study programmes leading to an academic higher education qualification, adopted before 11 June 2004;
- graduates of another university in Slovenia or a university in another country in accordance with the conditions prescribed for students from the Republic of Slovenia. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

1. Performance in previous higher education studies

Grade-point average (without the diploma grade) is scored as follows:
Average success is scored linearly, using the formula: **4 x grade – 20**.

Calculation of average grade:

The average grade of previous higher education studies of students who have completed academic higher education as adopted before 11 June 2004, or 1st and 2nd cycles of study or an integrated study programme or specialization after completion of professional higher education, is calculated by weighting, that is by weighting the average grade of each cycle of study with the number of years of study in a particular cycle, added together for all completed cycles and divided by the total number of years of study.

2. Research or professional work, awards

- a) A scientific article, monograph or patent accepted for the procedure in Slovenia (Cobiss type 1.01 – 1.02, 1.03, 1.16, 2.01, 2.18) – up to 5 points (first authorship 5 points, co-authorship 2 points)
- b) Active participation at a scientific conference (Cobiss type 1.06, 1.08, 1.10, 1.12) – 2 points
- c) Professional article in the field of study (Cobiss type 1.04) – 2 points
- d) Awards relating to studies; at the university level (5 points); at the level of a member faculty, or other award (2 points)

The maximum number of points a student can obtain is 40. If the composite score according to the above criteria exceeds 40 points, the student will receive a maximum of 40 points. In the event of restricted enrolment, candidates with a higher total score will be selected.

If there are several students at the lower limit with the same number of points, they will be invited for an interview which will serve as the basis for selection.

The decision on acceptance of candidates will be made by the Biosciences Programme Council.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

Candidates must submit their application for the programme and upload all the required evidence by **22 August 2022, 23:59 CEST** on the eVŠ web portal. The required evidence includes a **Mentor's Statement** of accepting mentorship in doctoral studies, which is published on the website dedicated to doctoral studies in Bioscience, along with the **brief concept of the doctoral dissertation**. Enrolment will be conducted electronically via the Biosciences website and will be completed by **30 September 2022**.

4. Doctoral programme in ECONOMICS AND BUSINESS,

offered by the University of Ljubljana **School of Economics and Business**, Kardeljeva ploščad 17, 1000 Ljubljana, comprising the following **study tracks**:

- **Economics**, with majors in:

- Money and Finance
- Economics
- International Economics

- **Business**, with majors in:
 - Financial Management
 - Information Management
 - Management and Organisation
 - International Business
 - Operations Research
 - Entrepreneurship
 - Business Logistics
 - Accounting
 - Marketing
 - Tourism

More information at: <http://www.ef.uni-lj.si/en> and http://www.ef.uni-lj.si/content/static_english/izobrazevanje/doktorsko/home.asp.

Contact: petra.vranjes@ef.uni-lj.si, sanja.durasevic@ef.uni-lj.si, tel.: +386 1 5892 400

Number of enrolment places:

- **for enrolment in the first year: 20 (full-time study, in total for both fields)** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens.
- **for enrolment under the criteria for transition to the second year: 3 (full-time study, in total for both fields)** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens.
- **for enrolment under the criteria for transition to the third year: 3 (full-time study, in total for both fields)** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens.
- **for enrolment under the criteria for transition to the fourth year: 3 (full-time study, in total for both fields)** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme is open to candidates who have completed:

- a 2nd-cycle study programme;
- a programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a specialisation and a previously completed professional higher education programme, if the candidate has completed course units defined by the programme totalling 36 ECTS credits; or
- a master of science degree or a study programme leading to specialisation, if the candidate has previously completed a programme leading to an academic higher education

qualification. Upon enrolment, 60 ECTS credits will be recognised for candidates in accordance with the law;

- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits.

Enrolment in the doctoral programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

The following will be considered when selecting candidates for enrolment:

- academic performance in:

- second-cycle study programmes;
- study programmes leading to an academic higher education qualification, adopted before 11 June 2004;
- study programmes leading to specialisation after completion of a professional higher education programme;
- study programmes leading to a master of science degree or specialisation after completion of a study programme leading to an academic higher education qualification;
- study programmes leading to professions regulated by EU directives, or other integrated master's degree programmes evaluated at 300 ECTS credits.

and

- performance in an oral exam, where the following is also evaluated:

- performance thus far in undergraduate studies (if the grade was not taken into account under Item 1);
- scientific and research potential;
- candidate's motivation;
- research work undertaken by the candidate thus far (published articles and other publications);
- international aptitude tests (e.g. GMAT, GRE);
- awards, recognitions, etc.
- other.

The specific importance of individual items will be determined by the Faculty Senate.

Depending on the number of suitable candidates and mentors, the Doctoral Studies Commission may decide to restrict enrolment in an individual specialisation.

Location: Ljubljana

Mode of study: full-time study

Procedures and deadlines for application to the Call and enrolment:

Candidates must apply for the programme by **17 June 2022, 23:59 CEST**, on the eVŠ web portal <https://portal.evs.gov.si/prijava/?lang=en>. Enrolment will be conducted up to 30 September 2022 at the School of Economics and Business, Kardeljeva ploščad 17, Ljubljana.

5. Doctoral programme in ELECTRICAL ENGINEERING,

offered by the University of Ljubljana **Faculty of Electrical Engineering**, Tržaška cesta 25, 1000 Ljubljana.

More information: [http://www.fe.uni-lj.si/en/education/3rd cycle doctoral study programme/electrical engineering \(phd\)/presentation/](http://www.fe.uni-lj.si/en/education/3rd_cycle_doctoral_study_programme/electrical_engineering_(phd)/presentation/)

Number of enrolment places:

- **for enrolment in the first year: 50** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens
- **for enrolment under the criteria for transition to the second year: 5** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens
- **for enrolment under the criteria for transition to the third year: 5** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens
- **for enrolment under the criteria for transition to the fourth year: 5** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme in Electrical Engineering is open to candidates who have completed:

- a second-cycle study programme;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 credits;
- a programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a master of science degree; course units consisting of 60 credits are recognised for candidates;
- a study programme leading to a specialisation and a previously completed academic higher education programme as adopted before 11 June 2004; course units consisting of 60 credits are recognised for candidates;
- a study programme leading to a specialisation and a previously completed professional higher education programme as adopted before 11 June 2004, provided the candidate has completed additional course units consisting of 36 credits as determined for candidates by the competent committee of the Faculty of Electrical Engineering for first-year second-cycle subjects in Electrical Engineering: four mandatory technical subjects, depending on the specific course, and two elective technical subjects;
- equivalent programme provided by another university. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

The process of candidate selection will take into account success in a second-cycle programme in the following way:

- Grade point average in second-cycle studies, excluding the grade for the master's thesis and defence thereof, or grade point average of academic university study programmes adopted before 11 June 2004, excluding the grade for the diploma thesis and defence thereof. Grade x 7.
- Master's thesis and defence grade, or diploma thesis and defence grade for an academic university study programme adopted before 11 June 2004. Grade x 3.

In the event of restricted enrolment, candidates with a higher score will be selected.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment.

Candidates must apply for the programme by 19 August 2022, 23:59 CEST, on the eVŠ web portal.

The information day will held be in May 2022. All information and instructions are available at the website <http://www.fe.uni-lj.si/en/>. In case of other questions, candidates can write to studij@fe.uni-lj.si.

6. Interdisciplinary doctoral programme in the BUILT ENVIRONMENT,

offered by the University of Ljubljana **Faculty of Civil and Geodetic Engineering**, Jamova cesta 2, 1000 Ljubljana and the **Faculty of Natural Sciences and Engineering**, Aškerčeva cesta 12, 1000 Ljubljana, covering the following *scientific fields*:

- Geodesy
- Geology
- Civil Engineering
- Spatial Planning and Land Management

More information at:

- Tel: +386 1 4768 532
- e-mail: monika.golobar@fgg.uni-lj.si
- on the website: <https://www.en.fgg.uni-lj.si/study/3rd-cycle-study-programmes/built-environment-phd/>

Number of enrolment places: 30 – in total for citizens of the Republic of Slovenia, EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral programme in the Built Environment is open to graduates of:

- Second-cycle study programmes.
- Study programmes leading to professions regulated by EU directives, if they are evaluated at 300 credits, or other integrated master's degree programmes evaluated at 300 credits.
- A former study programme leading to a specialisation following completion of a professional higher education programme. Before enrolling in the third-cycle doctoral programme, such candidates will be set additional course units consisting of up to 60 credits by the Doctoral Studies Committee for Built Environment.
- Former study programmes leading to a master of science degree or specialisation after completion of a study programme leading to an academic higher education qualification. Study requirements totalling at least 60 credits are recognised for such candidates in a third-cycle doctoral study programme.
- Former study programmes leading to an academic higher education qualification, adopted before 11 June 2004.

Enrolment in the Built Environment doctoral study programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

In the event of restricted enrolment, candidates will be selected based on:

- grade point average (15%),
- grade of undergraduate diploma or master's thesis (5%) and
- performance in the selection exam (80%), which comprises a written exam in the field of natural sciences and engineering.

Candidates can substitute 40% of the written exam grade with a grade from prior scientific and professional work in the field of the study programme.

The main criteria for scientific work are published items such as:

- scholarly monograph
- independent scholarly composition within a monograph
- original scholarly articles in journals with an impact factor (JCR) or in journals indexed in SCI, SSCI or A&HCI databases.

The main criteria for professional work are as follows:

- professional monograph or review work
- independent professional composition within a monograph
- published professional papers from conferences
- professional articles and/or reviewing of such articles

- editorship of monograph or journal
- other forms of documented professional activity

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment.

An information day will be held at the University of Ljubljana Faculty of Civil and Geodetic Engineering on 8 June 2022.

Candidates must apply for the programme by **26 August 2021, 23:59 CEST**, on the web portal eVŠ. In the event of places still being available the second application deadline will be from 5 September 2022 to 16 September 2022.

Selected candidates shall enrol in the doctoral study programme by 30 September 2022 at the latest at the Office of Student Affairs of the Faculty of Civil and Geodetic Engineering upon receiving an invitation from the Faculty.

7. Interdisciplinary doctoral programme in the HUMANITIES AND SOCIAL SCIENCES,

offered by the following member faculties of the University of Ljubljana:

- **Faculty of Social Sciences**, Kardeljeva ploščad 5, 1000 Ljubljana, and
- **Faculty of Arts**, Aškerčeva 2, 1000 Ljubljana,

in cooperation with the following member faculties and academies of the University of Ljubljana:

- **Academy of Music**, Stari trg 34, 1000 Ljubljana,
- **Faculty of Theology**, Poljanska cesta 4, 1000 Ljubljana,
- **Academy of Theatre, Radio, Film and Television**, Trubarjeva cesta 3, 1000 Ljubljana,
- **Faculty of Social Work**, Topniška ulica 31, 1000 Ljubljana and
- **Academy of Fine Arts and Design**, Erjavčeva 23, 1000 Ljubljana.

Study fields:

<https://www.ff.uni-lj.si/en/study/doctoral-programmes-third-cycle/presentation>

- Faculty of Social Sciences, Student Affairs Office, doctoralstudies@fdv.uni-lj.si
<https://www.fdv.uni-lj.si/en/study/study-at-the-FDV/doctoral-programmes>

Number of enrolment places: 238 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme is open to graduates of:

- second-cycle study programmes;
- study programmes leading to an academic higher education qualification, adopted before 11 June 2004;
- study programmes leading to a specialisation adopted before 11 June 2004, and who have already completed a professional higher education programme; for enrolment in third-cycle doctoral study programmes, the relevant body of the member faculty sets course units totalling 30 to 60 ECTS credits on the proposal of the field of study coordinator responsible for doctoral studies;
- study programmes leading to a master of science degree or specialisation after completion of a study programme for obtaining an academic higher education qualification as adopted before 11 June 2004. For these candidates, the relevant body of the member faculty recognises course units totalling at least 60 ECTS credits on the proposal of the field of study coordinator responsible for doctoral studies;

- a study programme that leads to professions regulated by EU directives, or another integrated master's degree study programme evaluated at 300 ECTS credits.
- The doctoral programme is also open to graduates from another university in Slovenia or a university in another country in accordance with the conditions prescribed for students from the Republic of Slovenia. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

The consent of the mentor is required prior to enrolment in the programme.

Selection criteria in the event of restricted enrolment:

Candidates will be selected based on their success in completed studies, as well as their scientific and expert achievements. Individual elements of selection will be evaluated in the following manner:

- Academic success (grade point average) – 50% weighting in:
 - second-cycle study programmes;
 - study programmes leading to an academic higher education qualification, adopted before 11 June 2004;
 - study programmes leading to specialisation after completion of a professional higher education programme adopted before 11 June 2004;
 - study programmes leading to a master of science degree or specialisation after completion of a study programme for obtaining an academic higher education qualification as adopted before 11 June 2004;
 - study programmes leading to professions regulated by EU directives, or other integrated master's degree programmes evaluated at 300 ECTS credits.
- Grade obtained in the oral selection exam (interview) before an expert committee for the field in which the candidate is enrolling – 50% of the weighting.

On the proposal of the coordinator/administrator of the field, the committee for doctoral study of the member faculty decides on the applicant's suitability.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment

In accordance with the instructions in the joint part of the Call, enrolment candidates can apply on the eVŠ web portal within two application deadlines:

- 1st deadline: **10 June 2022, 23:59 CEST** (for citizens of the Republic of Slovenia, citizens of EU Member States and non-EU foreign citizens);
- 2nd deadline: **from 20 June 2022 to 19 August 2022, 23:59 CEST** (only for citizens of the Republic of Slovenia and citizens of EU Member States).

The second deadline will be issued if places remain available after the first deadline closes.

Candidates must complete and submit by the stated application deadlines their application for enrolment in the doctoral programme and all required evidence electronically on the eVŠ web portal.

Enrolment will be completed **by 30 September 2022** at the latest, at the member faculty that coordinates the field in question. The list of scientific fields with UL members that coordinate them is available [here](#), tab “Fields of study”.

8. *Doctoral programme in TEACHER EDUCATION AND EDUCATIONAL SCIENCES,*

offered by the University of Ljubljana **Faculty of Education**, Kardeljeva ploščad 16, 1000 Ljubljana, comprising the following **study fields**:

- In the study option *Educational Sciences*:
 - Educational Policies
 - Preschool Education
 - Social Education
 - Special and Rehabilitation Education
 - Supervision, Organisation and Personal Counselling
- In the study option *Education of Teachers*:
 - Teaching Social Sciences and Humanities
 - Teaching Mathematics, Computing, Natural Sciences and Technical Studies
 - Teaching in the Area of Art
 - Teaching Slovene Language and Literature
 - Teaching, Learning, and Education

More information: <http://www.pef.uni-lj.si/324.html>

Number of enrolment places:

- **for enrolment in the first year: 25** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

- **for enrolment under the criteria for transition to the second year: 2** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme is open to candidates who have completed:

1. A second-cycle study programme.
2. A study programme leading to professions regulated by EU directives, if evaluated at 300 credits, or another integrated master's programme evaluated at 300 credits.
3. A previous study programme leading to an academic higher education qualification (programmes, adopted before the Higher Education Act of 3 September 2004).

4. A previous study programme leading to a specialisation following completion of a professional higher education programme. The faculty may assign such candidates additional requirements of between 30 and 60 credits prior to enrolment in a third-cycle study programme.
5. A previous study programme leading to a master of science degree or specialisation after completion of a study programme for obtaining an academic higher education qualification. Study requirements totalling at least 60 credits are recognised for such candidates in a third-cycle doctoral study programme.

Enrolment in the doctoral programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

The faculty will rule on restricted enrolment if the number of applicants meeting the general admission requirements significantly exceeds the number of available study places. In this case the selection of candidates will be based on their performance in the selection exam and their achievements in the scientific and expert field (personal bibliography; awards; active international participation). Candidates with a higher number of points will be admitted.

Individual elements of selection will be evaluated in the following manner (in cases of co-authorship, proportionately divided points will be considered):

Selection exam (general perspective in research in the field of teacher education and educational sciences); grading in line with the scale applicable at the UL	Grade 6 x 0.5 Grade 7 x 1 Grade 8 x 2 Grade 9 x 3 Grade 10 x 4
Articles published in journals and monographs (or exhibitions, concerts), scored according to the criteria of the UL Habilitation Commission	Points x number of units x 2
The University Prešeren Award, a prominent international prize or recognition in the field of teacher education and/or educational sciences	10
The Faculty Prešeren Award, the Ferbar Award or other prominent awards or recognitions in the field of teacher education and/or educational sciences	5
Active participation in international projects (e.g. Erasmus, Comenius)	up to 5 per project

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment.

Candidates must apply for the programme by 1 September 2022, 23:59 CEST, on the eVŠ web portal.

Information days will take place:

- 16 March 2022 at 5 pm (in Slovenian);
- 23 March 2022 at 5 pm (in English);
- 4 May 2022 at 5 pm (in Slovenian);
- 11 May 2022 at 5 pm (in English);
- 15 June 2022 at 5 pm (in Slovenian);
- 16 June 2022 at 5 pm (in English).

All information and instructions are available at the website <https://www.pef.uni-lj.si/12.html> .
Candidates seeking further information can write to referat@pef.uni-lj.si.

In the event of restricted enrolment, the selection exam will take place on **14 September 2022**.
The enrolment of selected candidates will be completed **by 30 September 2022** at the latest.

9. Doctoral programme in CHEMICAL SCIENCES,

offered by the University of Ljubljana **Faculty of Chemistry and Chemical Technology**,
Večna pot 113, 1000 Ljubljana, comprising the following *courses of study*:

- Biochemistry
- Chemistry
- Chemical Engineering

More information at: <https://www.fkkt.uni-lj.si/en/about/in> <https://www.fkkt.uni-lj.si/en/study/third-cycle-study-programme/>

Contact: referat@fkkt.uni-lj.si, tel. +386 1 4798 000

Number of enrolment places: 35 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme is open to candidates who have completed:

- a 2nd-cycle study programme;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits;
- an academic higher education undergraduate programme adopted before 11 June 2004;
- a study programme leading to a master of science title (course units totalling up to 60 ECTS credits are recognised for these candidates. The decision on recognition is made by the Senate of the Faculty or a body appointed by it);
- a study programme leading to a specialisation, if they have previously completed a professional higher education programme; for such candidates the Faculty Senate or a body appointed by it may decide to set an individual bridging programme consisting of 10 to 60 ECTS credits;
- a study programme at another university in Slovenia or at a university in another country in accordance with the conditions prescribed for students from Slovenia. The equivalence of prior learning in another country will be established by means of the

procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

In the event of restricted enrolment, candidates will be selected based on:

- average exam and tutorial grades (excluding the diploma thesis) in a study programme leading to an academic higher education qualification or a second-cycle study programme (75%);
- diploma or second-cycle master's thesis grade (25%).

In the event of restricted enrolment, candidates with a higher total score will be selected.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

Candidates must apply to the Call for Enrolment by **3 September 2022**, 23:59 CEST. Enrolment will be completed by 30 September 2022 at the Faculty of Chemistry and Chemical Technology.

10. Doctoral programme in KINESIOLOGY,

offered by the University of Ljubljana **Faculty of Sport**, Gortanova 22, 1000 Ljubljana.

More information at: <https://www.fsp.uni-lj.si/en/study/doctoral-study-3rd-level/kinesiology/>
E-mail: referat.phd@fsp.uni-lj.si

Number of enrolment places: 12, 10 of which are intended for citizens of the Republic of Slovenia and of EU Member States, and 2 for Slovenians without Slovenian citizenship and foreign citizens. Should vacancies for foreign students remain unfilled, candidates who are citizens of the Republic of Slovenia or EU Member States may be considered for them.

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme is open to:

- Graduates of a second-cycle study programme at the Faculty of Sport.
- Graduates of another second-cycle study programme, provided the candidate has passed a special test of knowledge. The content and scope of the test as determined by the Faculty of Sport's Postgraduate Study Committee depend on the type of the candidate's prior academic higher education programme and on the expert field of the doctoral study. As part of the test of knowledge candidates must attain at least 20 credits in a second-cycle programme at the Faculty of Sport. Candidates who select a natural sciences field in the Kinesiology doctoral programme must attain 20 credits in a second-cycle programme at the Faculty of Sport, from one of the following fields: sports training, physiology, methodology in sport and biomechanics of sport. Candidates who select a social sciences field in the Kinesiology doctoral programme must attain 20 credits in a second-cycle programme at the Faculty of Sport, from one of the following fields: sports psychology, sports sociology, methodology in sport and sports education didactics.

- Graduates of study programmes leading to a master of science degree after completion of academic higher education in kinesiology. Completed course units totalling 60 credits are recognised for such candidates.
- Graduates of a study programme leading to an academic higher education qualification for a physical education instructor.
- Graduates of other domestic and foreign universities in accordance with the conditions prescribed in the previous paragraphs. The equivalence of previously acquired education abroad will be established in the procedure of recognition of foreign qualifications for the purpose of further education in accordance with the Statutes of the University of Ljubljana. continuing education, in accordance with the Statute of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

- Candidates will be selected based on their success in undergraduate studies, as well as their scientific and expert achievements. Individual elements of selection will be evaluated in the following manner:

The average grade in an undergraduate programme (excluding the diploma)	$grade \times 10$
Diploma thesis and defence graded 8 or higher	$(grade - 8) \times 3$
A research article scored according to the criteria of the UL Habilitation Commission	$no. \text{ of points} \times 2$
Prešeren Award bestowed by the University of Ljubljana	6
Prešeren Award bestowed by the faculty (if the same paper is submitted as a diploma thesis, only half of the points will be taken into account)	5
Other higher education programme diploma thesis	6
Professional postgraduate course attested by a valid certificate (a one-month course for a maximum of 10 credits, and a one-semester course for a maximum of 30 credits)	$No. \text{ of credits divided by } 10$

In the event of restricted enrolment, candidates with a higher total score will be selected.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment

- Candidates must apply for the programme and submit their application for enrolment in the doctoral programme and all required evidence by no later than, and **including, 1 September 2022, 23:59 CEST**, on the eVŠ web portal (first application deadline). In the event of places still being available the second application deadline will be from 12 September 2022 to 23 September 2022. Enrolment will be completed by 30 September 2021.
- The information day for enrolment in the doctoral study programme in Kinesiology will take place on **12 April 2022 at 2 pm** at the Faculty of Sport, Gortanova 22, Ljubljana, in the conference room of the Institute of Sport.

11. *Doctoral programme in MATHEMATICS AND PHYSICS,*

offered by the University of Ljubljana **Faculty of Mathematics and Physics**, Jadranska ulica 19, 1000 Ljubljana, tel.: +386 1 4766 500, e-mail: doktorski@fmf.uni-lj.si

covering the *following streams*:

- **Mathematics**, featuring modules:
 - Mathematics
 - Mathematics Education
- **Physics**, featuring modules:
 - Physics
 - Physics Education
 - Meteorology
 - Nuclear Engineering

More information at:

<https://www.fmf.uni-lj.si/en/study-mathematics/programmes/3mafi/2021/> and

<https://www.fmf.uni-lj.si/en/study-physics/programmes/3mafi/2021/>

Number of enrolment places: 50 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme is open to candidates who have completed:

- a 2nd-cycle study programme;
- a programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a specialisation following a completed professional higher education programme. Additional study requirements for individual courses or modules totalling 30 to 60 ECTS credits will be set for candidates by the Study Committee of the Department of Mathematics or Department of Physics, respectively;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits;
- a study programme leading to a master of science degree or specialisation, if the candidate has previously completed a programme leading to an academic higher education qualification. Course units totalling 60 ECTS credits are recognised for candidates based on their application, as provided by law.

Enrolment in the doctoral programme in Mathematics and Physics is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

In the event of restricted enrolment, candidates will be selected based on:

- grade point average (15%),
- grade of university diploma or master's thesis (5%),
- success in the selection exam (80%), which comprises a written exam in the field of mathematics or physics. Candidates can substitute 40% of the written exam grade with a grade from prior scientific and professional work in the field of the study programme.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment

In accordance with the instructions in the joint part of the Call, enrolment candidates must apply on the eVŠ web portal (<https://portal.evs.gov.si/prijava/>). The foreign certificates of education which will be submitted via the eVŠ together with all the required evidence and supporting material will automatically undergo the process of recognition of foreign educational qualifications for the purpose of further education at the University of Ljubljana.

By the end of the enrolment deadline, the candidate must reach an agreement with a higher education teacher or scientific researcher, who must meet the conditions of the University of Ljubljana for serving as a mentor/co-mentor in doctoral studies, to serve as mentor/co-mentor and, by no later than enrolment, submit their consent with respect to the mentorship/co-mentorship and a short conceptual plan of the research work.

Application deadlines:

FIRST APPLICATION DEADLINE – for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign non-EU citizens:

- **Deadline for submission of applications to the Call for Enrolment (eVŠ web portal): 1 June 2022, 23:59 CEST.**

- Deadline for submission of evidence of fulfilment of conditions for enrolment (attachments or relevant proof from the application for enrolment; candidates who will conclude a second-cycle programme at UL FMF will not need to submit a certificate of completion of studies and certificate of completion of study requirements): **20 June 2022, 23:59 CEST**, submitted on the [eVŠ web portal](#).

SECOND APPLICATION DEADLINE – for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign non-EU citizens:

- **Deadline for submission of applications for enrolment in possible available places** that will not yet be filled in the first deadline (eVŠ web portal): **1 July 2022 - 1 September 2022, 23:59 CEST.**

- **Deadline for submission of evidence** of fulfilment of conditions for enrolment (attachments or relevant proof from the application for enrolment; candidates who will conclude a second-cycle programme at UL FMF will not need to submit a certificate of completion of studies and certificate of completion of study requirements): **16 September 2022, 23:59 CEST**, submitted on the [eVŠ web portal](#).

THIRD APPLICATION DEADLINE – for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship:

- **Deadline for submission of applications for enrolment in possible available places** that will not yet be filled after the second deadline (eVŠ web portal): **20 September 2022 – 22 September 2022, 23:59 CEST.**

- Deadline for submission of evidence of fulfilment of conditions for enrolment (attachments or relevant proof from the application for enrolment; candidates who will conclude a second-cycle programme at UL FMF will not need to submit a certificate of completion of studies and certificate

of completion of study requirements): **23 September 2022, 23:59 CEST**, submitted on the [eVŠ web portal](#).

The accepted candidates will receive notifications via e-mail or on the eVŠ information system on the necessary procedures and enrolment dates. Enrolment will take place at the Faculty of Mathematics and Physics, and will be completed by 30 September 2022 at the latest.

12. Doctoral programme in MARITIME STUDIES AND TRANSPORT,

offered by the University of Ljubljana **Faculty of Maritime Studies and Transport**, Pot pomorščakov 4, 6320 Portorož, covering the following *fields of study*.

- Maritime Studies
- Transport

More information at: <https://www.fpp.uni-lj.si/en/study/third-cycle/maritime-and-transport-science/>

E-mail: referat@fpp.uni-lj.si

Number of enrolment places:

- **for enrolment in the first year: 5** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

- **for enrolment under the criteria for transition to the second year: 5** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

- **for enrolment under the criteria for transition to the third year: 5** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

- **for enrolment under the criteria for transition to the fourth year: 5** – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme Maritime Studies and Transport is open to candidates who have completed:

- a second-cycle study programme in any subject or field;
- an integrated master's programme leading to professions regulated by EU directives, if it is evaluated at 300 ECTS credits, or another integrated master's programme evaluated at 300 ECTS credits;
- a programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a specialisation, after completing a professional higher education programme in the field of maritime studies/transport/traffic/transport logistics or a natural science, engineering or social science field. Additional course units totalling 30 to 60 ECTS credits are set for such candidates before enrolment in the doctoral programme by the Doctoral Studies Committee at the Faculty of Maritime Studies and Transport;

- a study programme leading to a master of science degree or specialisation, after completing academic higher education programme in the field of maritime studies/transport/traffic/transport logistics or a natural science, engineering or economics field. Course units totalling 60 ECTS credits are recognised for candidates.

Enrolment in the Transport and Maritime Sciences doctoral study programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country is established by means of the procedure for the recognition of foreign qualifications for the purposes of further education, in accordance with the regulations that apply to the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

The selection of candidates will be based on success in second-cycle studies (grade point average, master's thesis grade), success in the selection exam determined by the study programme, and achievements in the scientific and professional field.

Candidates will be selected based on:

- grade point average (15%),
- grade of diploma or master's thesis (5%) and
- success in the selection exam (80%), which comprises a written exam in the field of maritime studies and transport.

Candidates can substitute 40% of the written exam grade with a grade from prior scientific and professional work in the field of the study programme.

The main criteria for scientific work are published items such as:

- scholarly monograph
- independent scholarly composition within a monograph
- original scholarly articles in journals with an impact factor (JCR) or in journals indexed in SCI, SSCI or A HCI databases.

The main criteria for professional work are as follows:

- professional monograph
- independent professional composition within a monograph
- published professional papers from conferences
- professional papers
- editorship of monograph or journal
- other forms of documented professional activity.

Location: Portorož

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

Candidates must apply for the programme on the eVŠ web portal.

Information day

The information day will be held on **2 June 2022 at 6 pm** in lecture hall **AMFI** at the main Faculty building in Portorož. All information and instructions are available at the website <https://www.fpp.uni-lj.si/en>. Candidates seeking further information can write to referat@fpp.uni-lj.si.

First application deadline

Candidates must complete and submit by **19 August 2022, 23:59 CEST**, their application for enrolment in the doctoral programme and all required evidence electronically on the eVŠ web portal.

Accepted candidates are expected to be notified of further procedures and the enrolment dates by 24 August 2022 via the e-mail they provided in their application or on the eVŠ web portal, and will be able to complete enrolment by **31 August 2022** at the latest.

Second application deadline

Depending on the number of candidates enrolled by the first application deadline, a second application deadline may be opened. Candidates must apply for the programme on the eVŠ information system between 5 September 2022 and 6 September 2022. Candidates should complete and submit by **6 September 2022, 23:59 CEST**, their application for enrolment in the doctoral programme and all required evidence electronically via the eVŠ web portal.

Accepted candidates are expected to be notified of further procedures and the enrolment dates by 12 September 2022 via the e-mail they provided in their application or on the eVŠ web portal, and will be able to complete enrolment by **23 September 2022** at the latest.

13. Doctoral programme in LEGAL STUDIES,

offered by the University of Ljubljana **Faculty of Law**, Poljanski nasip 2, 1000 Ljubljana, covering the following *programme modules*:

- Civil Law
- Labour Law and Social Security Law
- Economic Analyses of Law
- European Law
- Commercial Law
- Criminal Law
- Criminology
- International Law
- Legal History
- Roman Law
- Theory of the State and Law
- Administrative Law
- Constitutional Law

More information at: <https://www.pf.uni-lj.si/en/3rd-cycle/>

Contact: meta.pfeifer@pf.uni-lj.si, tel.: +386 1 4203 121

Number of enrolment places: 41 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study programme is open to candidates who have completed:

- a second-cycle study programme (Bologna master's programme);
- an academic higher education programme adopted before 11 June 2004;
- candidates who have completed a master's study programme leading to the title of master of science (*magister znanosti*) may apply for recognition of up to 60 ECTS credits from the first year of doctoral studies and may enrol in the second year of the doctoral study programme provided that they prepare and submit an outline of their doctoral dissertation. Candidates who were enrolled in a master's study programme but have not completed and have not obtained the title of master of science may apply for recognition of completed study requirements in lieu of subjects from the first year of doctoral studies. The decision on the recognition of completed study requirements is taken by the committee responsible for doctoral studies;
- a professional higher education programme adopted prior to 11 June 2004 and a study programme leading to a specialisation. Before enrolment, these candidates must complete course units consisting of a maximum of 35 ECTS credits from the second-cycle programme in legal studies. The study requirements (selection of courses) are determined for such candidates by the Faculty's doctoral study committee, which takes into account the candidate's field of education (type of programme the candidate has completed);
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits.

Enrolment in the doctoral programme in Legal Studies is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country is established by means of the procedure for the recognition of foreign qualifications for the purposes of further education, in accordance with the regulations that apply to the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

Each year the Faculty of Law decides on the number of available places for doctoral studies.

In the event of restricted enrolment, the following will be considered:

- in the amount of 30%, academic success in second-cycle studies (grade point average and grade for master's thesis) and in an academic programme adopted prior to 11 June 2004 (grade point average and grade for diploma thesis);
- results of the selection exam (70%).

Depending on the number of suitable candidates and mentors, the Doctoral Studies Commission may decide to limit enrolment in an individual module.

Location: Ljubljana, Faculty of Law main building, Poljanski nasip 2, 1000 Ljubljana

Mode of study: full-time

Procedures and deadlines for application to the Call and enrolment:

The application deadline is **19 August 2022, 23:59 CEST**. Candidates must complete and submit by the deadline their application for enrolment in the doctoral programme and all required evidence electronically via the [eVŠ web portal](#).

In addition to the completed *B3 Mentorship proposal* (Slov. *Predlog mentorstva*) form for doctoral study, which must be signed by the mentor, the application must include: the draft of the planned doctoral dissertation, a brief CV, a copy of the diploma certificate (for undergraduate and post-graduate study) or certificate of graduation if the diploma certificate is yet to be issued, and a certificate attesting the grade of the final thesis, certificate on completed exams (for undergraduate and graduate study) and grade point average, while candidates who have obtained their professional or scientific titles abroad must also provide the decision on the recognition of their qualifications for the purpose of further education at the University of Ljubljana Faculty of Law.

An information day for the doctoral study programme will be held on 19 May 2022, and candidates seeking further clarification should e-mail: meta.pfeifer@pf.uni-lj.si.

Candidates will receive notifications via the e-mail stated in their applications or on the eVŠ web portal on the necessary procedures and enrolment dates after the application deadline is closed, by 15 September 2022.

14. Doctoral programme in COMPUTER AND INFORMATION SCIENCE,

offered by the University of Ljubljana **Faculty of Computer and Information Science**,
Večna pot 113, 1000 Ljubljana, tel. +386 1 4798 123.

More information at: <https://fri.uni-lj.si/en/study-programme/computer-and-information-science-1>

E-mail: podiplomski.studij@fri.uni-lj.si

Official length of programme: 4 years

Number of enrolment places: 20 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Admission requirements:

Enrolment in the doctoral study programme is open to candidates who have completed:

- a 2nd-cycle study programme;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits;
- a study programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a professional higher education programme adopted prior to 11 June 2004 and a study programme to obtain a specialised qualification. Before enrolment, these candidates must complete course units consisting of a maximum of 60 ECTS credits in the second-cycle programme in Computer and Information Science. The study requirements (selection of courses) are determined for such candidates by the Faculty's study committee, which takes into account the candidate's field of education (type of programme the candidate has completed);

- a study programme leading to a master of science degree. Candidates will have study requirements in the amount of 60 ECTS credits recognised.

Students from abroad applying for the doctoral programme are subject to the same conditions as Slovenian citizens, provided they have completed an equivalent education abroad. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

Any restrictions on enrolment in the doctoral programme will be decided on by the Senate, on the proposal of the Vice-Dean for Research. The selection of candidates will be based on the grade point average (50%) and the diploma or master's thesis grade (50%).

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

Candidates for enrolment must complete and submit the digital application form including all required attachments and evidence on the eVŠ portal by **1 June 2022, 23:59 CEST**. Required evidence includes the consent of the mentor and the brief concept of research work.

An information day will take place on Wednesday **6 April 2022 at 4 pm** at the Faculty of Computer and Information Science, Večna pot 113, Ljubljana.

The deadline for submitting the evidence of completion of previous studies is **16 September 2022**.

Enrolment will be conducted electronically via the information system STUDIS and will be completed by 30 September 2022.

15. Interdisciplinary doctoral programme in STATISTICS,

offered by the following member faculties of the University of Ljubljana:

- **Biotechnical Faculty**, Jamnikarjeva ulica 101 Ljubljana
- **School of Economics and Business**, Kardeljeva ploščad 17, Ljubljana
- **Faculty of Social Sciences**, Kardeljeva ploščad 5 Ljubljana
- **Faculty of Electrical Engineering**, Tržaška cesta 25 Ljubljana
- **Faculty of Mathematics and Physics**, Jadranska ulica 19, 1000 Ljubljana
- **Faculty of Arts**, Aškerčeva cesta 2, Ljubljana
- **Faculty of Medicine**, Vrazov trg 2, 1000 Ljubljana

The programme comprises **seven modules**:

- Biostatistics
- Statistics for Social Sciences
- Economic and Official Statistics
- Mathematical Statistics
- Business Statistics
- Psychological Statistics
- Technical Statistics

More information at: <https://www.uni-lj.si/study/doctoral/statistics/>.

University of Ljubljana Office for Doctoral Studies, Kongresni trg 12, 1000 Ljubljana, Slovenia, doktorski.studij@uni-lj.si

Number of enrolment places: 20 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

Official length or programme: 4 years

Admission requirements:

Enrolment in the interdisciplinary doctoral study programme Statistics is open to candidates who have completed:

- a second-cycle study programme;
- a study programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a specialisation following completion of a professional higher education programme. The Programme Council may assign such candidates additional requirements of between 30 and 60 credits prior to enrolment in a third-cycle study programme;
- a study programme leading to professions regulated by EU directives, if it is evaluated at 300 credits (e.g. medicine, dental medicine, veterinary medicine, pharmacy) or another integrated master's programme evaluated at 300 credits;
- a study programme leading to a master of science degree or specialisation after completion of a study programme for obtaining an academic higher education qualification. Study requirements totalling at least 60 credits are recognised for such candidates in a third-cycle doctoral study programme.

Enrolment in the doctoral programme in Statistics is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

In the event of there being more applicants for the programme than places available, the selection of candidates for enrolment in the doctoral programme in Statistics will be based on their success in the former academic higher education programme or second-cycle studies, focusing particularly on:

- grade point average in the former academic higher education programme or second-cycle studies, excluding the diploma or master's thesis,
- diploma or master's thesis grade.

In the event of restricted enrolment, candidates with a higher total score will be selected (sum of the grade point average and the diploma or master's thesis grade).

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment.

In line with the instructions in the joint part of the Call, enrolment candidates must apply via the eVŠ web portal by **19 August 2022, 23:59 CEST**.

Enrolment will be conducted electronically via the Faculty of Mathematics and Physics website and will be completed by **30 September 2022 at the latest**.

Prior to enrolment, candidates are required to choose a mentor, who must meet the criteria set out by the University of Ljubljana as regards mentorship in doctoral studies, and submit, upon enrolment at the latest, their written consent. Candidates are also required to submit their brief concept of research work and must do so by enrolment at the latest.

The selection procedure will be done by the Programme Council Statistics on its session scheduled for 2 September 2022. Applicants will be notified of the decisions by e-mail or on the eVŠ web portal after the session of the Programme Council.

All other information related to enrolment will be posted on the website of the Statistics study programme <https://www.uni-lj.si/study/doctoral/statistics/>.

16. Doctoral programme in MECHANICAL ENGINEERING,

offered by the University of Ljubljana **Faculty of Mechanical Engineering**, Aškerčeva 6, 1000 Ljubljana.

Scientific fields:

- Energetical, Process and Environmental Engineering Sciences
- Machine Design and Mechanics Engineering Science
- Production Engineering Sciences, Cybernetics and Mechatronics

More information at: tel. +386 1 4771 169, by e-mail at doktorski@fs.uni-lj.si or on the website <https://www.fs.uni-lj.si/en/>, https://www.fs.uni-lj.si/en/educational_process/third_degree/doctoral_programme_in_mechanical_engineering/program_information/

Number of enrolment places: 50 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the third-cycle doctoral study programme in Mechanical Engineering is open to candidates who have completed:

- a second-cycle study programme;
- a study programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a specialisation in a natural science/engineering field, if they have previously completed a professional higher education programme. In order to balance the knowledge base of candidates before enrolment in the doctoral programme, the Doctoral Studies Committee at the University of Ljubljana's Faculty of Mechanical Engineering will set additional course units consisting of 30 ECTS credits, depending on the intended field of doctoral study;
- a study programme leading to a master of science degree. Study requirements totalling 60 ECTS credits are recognised for such candidates in a doctoral study programme;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits.

Enrolment in the doctoral programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

In the event of there being more applicants for the programme than places available, the selection of candidates for enrolment in the doctoral study programme will be based on their success in previous studies, success in the written selection exam and any achievements in the scientific and expert field, in the following proportions:

- grade-point average (15%),
- diploma or master's thesis grade (5%) and
- results of the written selection exam (80%).

Location: The studies will take place at the Faculty of Mechanical Engineering in Ljubljana.

Mode of study: full-time

Procedures and deadlines for application to the Call and enrolment

In accordance with the instructions in the joint part of the Call, enrolment candidates must apply on the eVŠ web portal by **1 September 2022, 23:59 CEST**. Candidates must submit all required attachments and evidence by the end of the application deadline electronically on the eVŠ web portal.

Accepted candidates will receive information about further steps and enrolment dates to the e-mail address provided in their application. Enrolment will be conducted electronically and will be completed by 30 September 2022 at the latest.

Candidates who would like to enrol in the doctoral study programme after having completed a specialist study programme, in which they enrolled after completing a professional higher education programme, should note that they must complete additional requirements in the scope of 30 ECTS credits before enrolling in the programme.

17. Doctoral programme in TEXTILE ENGINEERING, GRAPHICS COMMUNICATION AND TEXTILE DESIGN,

offered by the University of Ljubljana **Faculty of Natural Sciences and Engineering**, Aškerčeva cesta 12, 1000 Ljubljana, covering the following **scientific fields**:

- Graphic and Interactive Communications
- Textile Design
- Textile Engineering

More information at: <https://www.ntf.uni-lj.si/toi/en/study/doctoral-degree/>

Number of enrolment places: 10 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral programme Textile Engineering, Graphic Communication and Textile Design is open to candidates who have completed:

- a 2nd-cycle study programme;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits;
- a study programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a Master of Science degree or specialisation after previously completing an academic programme; course units consisting of up to 60 ECTS credits are recognised for such candidates in accordance with the law, based on their application;
- a study programme leading to a specialisation, after completion of a professional higher education programme; for such candidates additional course units consisting of 30 to 60 ECTS credits are set.

Enrolment in the doctoral programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

Candidates will be selected based on their success in undergraduate studies, as well as their scientific and expert achievements. Individual elements of selection will be evaluated in the following manner:

- grade point average in previous study (grade x 10 points);
- grade for the diploma thesis and its defence (grade x 3 points);
- a research paper evaluated under the criteria of the Habilitation Commission of the University of Ljubljana – proportional allocation of points is taken into account ((2 to 8 points) x 2 points);
- Prešeren Award bestowed by the University of Ljubljana – proportional allocation of points is taken into account (10 points);

• Prešeren Award bestowed by the Faculty – proportional allocation of points is considered; if the same paper is submitted as a diploma thesis, only half of the envisaged points will be taken into account (6 points).

Location: Ljubljana

Mode of study: full-time

Procedures and deadlines for application to the Call and enrolment:

In accordance with the instructions in the joint part of the Call, enrolment candidates must apply on the eVŠ web portal by **1 September 2022, 23:59 CEST**.

A **second application deadline** will be opened in the event of available places, and will run from **21 to 22 September 2022, 23:59 CEST**.

The accepted candidates will receive notifications on the necessary procedures and enrolment dates to their e-mail address.

18. Doctoral programme in THEOLOGY,

offered by the University of Ljubljana **Faculty of Theology**, Poljanska cesta 4, 1000 Ljubljana, covering the following **fields of study**:

- Theology
- Marital and Family Therapy

More information at: +386 1 4345 836, <https://www.teof.uni-lj.si/for-students/study-programme>

E-mail: teof.referatdr@teof.uni-lj.si

Number of enrolment places: 20 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and non-EU foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the study programme is open to candidates who have completed:

- a 2nd-cycle study programme;
- a study programme leading to an academic higher education qualification, adopted before 11 June 2004;
- a study programme leading to a specialisation following a completed professional higher education programme. Prior to enrolment, these candidates must complete study requirements in the scope of 33 ECTS credits for the second-cycle study programme in Theology, or study requirements in the scope of 30 ECTS credits for the second-cycle study programme in Marital and Family Therapy. Study requirements in Theology comprise the following courses: People Working in the Field of Worship, Laypeople in Church, The Sacraments and Mission of Christian Living, The Hope Dimension of Being, Wisdom Literature, The Old Testament in the New Testament, "Hot" Topics from Church History, Anthropology with Ethics, Moral Theology with

the Social Lessons of the Church. Study requirements in Marital and Family Therapy cover the following courses: Mental Health and Psychopathology of Individuals and Family, Basics of Research Methods in Marital and Family Studies, Research of Interventions and Phenomena in Marriage and Family, Seminar of Scientific Work for Graduates, Family and Marriage System (module);

- a study programme leading to a master of science degree or specialisation after completion of a study programme for obtaining an academic higher education qualification. Completed study requirements totalling a minimum of 60 ECTS credits are recognised for candidates in a doctoral study programme;
- a study programme leading to professions regulated by EU directives, or another integrated master's degree programme evaluated at 300 ECTS credits.

Upon applying to the Call, enrolment candidates must enclose the written consent of the mentor.

Selection criteria in the event of restricted enrolment:

If a decision is made to limit enrolment, candidates will be selected on the basis of the following criteria:

- grade point average of completed study (45%);
- grade of university diploma or master's thesis (5%);
- results of the selection exam (50%).

Candidates can substitute up to 50% of the selection exam grade with a grade from prior scientific and professional work in the field of the study programme.

Location: Ljubljana

Mode of study: full-time

Procedures and deadlines for application to the Call and enrolment

In accordance with the instructions in the joint part of the Call, enrolment candidates must apply via the eVŠ application by **26 August 2022, 23:59 CEST**.

In the case of available enrolment places, a second application deadline **from 15 September 2022 to 19 September 2022, 23:59 CEST**, will be open.

Enrolment will be completed by **30 September 2022** at the latest.

19. Joint doctoral programme GOVERNANCE AND ECONOMICS IN THE PUBLIC SECTOR,

offered by the University of Ljubljana **Faculty of Public Administration**, Gosarjeva ulica 5, 1000 Ljubljana and the **Faculty of Economics of the University of Rijeka (Croatia)**, Ul. Ivana Filipovića 4, 51000, Rijeka, Croatia, covering the following **programme modules**:

- Public Governance
- Economics

More information at: <http://www.fu.uni-lj.si/en/programi/governance-and-economics-in-the-public-sector/>

E-mail: podiplomski@fu.uni-lj.si

Telephone: : +386 1 58 05 504

Number of enrolment places: 20 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

Official length of programme: 3 years

Admission requirements:

Enrolment in the joint doctoral study programme Governance and Economics in the Public Sector is open to graduates of:

- second-cycle study programmes;
- former study programmes leading to a master of science degree or specialisation following completion of a study programme leading to an academic higher education qualification (for enrolment in a third-cycle doctoral study programme, the academic programme council recognises course units totalling at least 60 credits);
- former study programmes leading to a specialisation, if candidates have previously completed a professional higher education programme (for enrolment in a third-cycle doctoral study programme, the academic programme council sets a requirement of course units of 30 to 60 ECTS credits);
- study programmes leading to professions regulated by EU directives, if they are evaluated at 300 credits, or other integrated master's degree programmes evaluated at 300 credits;
- former study programmes leading to an academic higher education qualification, adopted before 11 June 2004.

Enrolment in the doctoral study programme Governance and Economics in the Public Sector is also open to graduates of foreign universities, whereby the equivalence of previously acquired education will be established by means of the procedure for the recognition and evaluation of qualifications in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

In the event of restricted enrolment, candidates will be selected based on:

- academic success (grade point average and final thesis grade) – 50%
- results of the selection exam (selection interview) – 50%.

Location: Ljubljana, Slovenia and Rijeka, Croatia

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment.

The first enrolment deadline is 9 September 2022, 23:59 CEST.

Candidates are required to submit their applications on the [eVŠ web portal](#) by **9 September 2022, 23:59 CEST**. Candidates should also submit electronically on the eVŠ web portal all required evidence by the end of the application deadline.

Enrolment will take place at the Faculty of Public Administration and will be completed by 30 September 2022 at the latest.

Candidates can find all information and instructions on the website <http://www.fu.uni-lj.si/en/programi/governance-and-economics-in-the-public-sector/>. Candidates seeking further information can write to: podiplomski@fu.uni-lj.si.

Accepted candidates will be notified of further procedures and the enrolment dates on 16 September 2022 via the e-mail they provided in their application or on the eVŠ web portal.

20. Interdisciplinary doctoral programme in ENVIRONMENTAL PROTECTION,

offered by the following member faculties of the University of Ljubljana:

- **Biotechnical Faculty**, Jamnikarjeva ulica 101 Ljubljana
- **School of Economics and Business**, Kardeljeva ploščad 17, Ljubljana
- **Faculty of Social Sciences**, Kardeljeva ploščad 5 Ljubljana
- **Faculty of Civil and Geodetic Engineering**, Jamova cesta 2, Ljubljana
- **Faculty of Chemistry and Chemical Technology**, Večna pot 113, 1000 Ljubljana
- **Faculty of Mathematics and Physics**, Jadranska ulica 19, 1000 Ljubljana
- **Faculty of Maritime Studies and Transport**, Pot pomorščakov 4, Portorož
- **Faculty of Mechanical Engineering**, Aškerčeva 6 Ljubljana
- **Faculty of Arts**, Aškerčeva cesta 2, Ljubljana
- **Faculty of Medicine**, Vrazov trg 2, 1000 Ljubljana
- **Faculty of Natural Sciences and Engineering**, Aškerčeva cesta 12, Ljubljana
- **Faculty of Law**, Poljanski nasip 2, Ljubljana
- **Veterinary Faculty**, Gerbičeva ulica 60, 1000 Ljubljana

More information at: <https://www.uni-lj.si/study/doctoral/environmental-protection/>.

University of Ljubljana Office for Doctoral Studies, Kongresni trg 12, 1000 Ljubljana, Slovenia, doktorski.studij@uni-lj.si

Number of enrolment places: 15 – in total for citizens of the Republic of Slovenia, EU Member States, Slovenians without Slovenian citizenship and foreign citizens.

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral programme in Environmental Protection is open to graduates of:

- second-cycle study programmes;
- study programmes leading to professions regulated by EU directives, if they are evaluated at 300 credits (e.g. medicine, dental medicine, veterinary medicine, pharmacy) or other integrated master's programmes evaluated at 300 credits;
- study programmes leading to a specialisation following completion of a professional higher education programme. The Environmental Protection Programme Council may assign such candidates additional course units consisting of between 30 and 60 credits to be completed before enrolment in the third-cycle study programme;

- study programmes leading to a master of science degree or specialisation after completion of a study programme leading to an academic higher education qualification. Study requirements totalling at least 60 credits are recognised for such candidates in a third-cycle doctoral study programme;
- study programmes leading to an academic higher education qualification, adopted before 11 June 2004.

Enrolment in the Environmental Protection doctoral study programme is also open to graduates of foreign universities. The equivalence of previously acquired education in a foreign country will be established by means of the procedure for the recognition of foreign qualifications for the purposes of further education in accordance with the Statutes of the University of Ljubljana.

Selection criteria in the event of restricted enrolment:

In the event of there being more applicants for the programme than places available, the selection of candidates for enrolment in the interdisciplinary doctoral programme Environmental Protection will be based on:

- performance in a former academic higher education programme or a second-cycle programme (50%)

(of which 40% for an average grade of 8 or higher in a former academic higher education programme or second-cycle programme, and 10% for a grade of 9 or 10 for the diploma or master's thesis),

- results of the selection exam (50%)

(of which 30% for presentation of the doctoral dissertation, and 20% for certificates of scientific and research work and awards).

In the event of restricted enrolment, candidates with a higher total percentage will be selected.

When selecting candidates for enrolment, the free research capacities of potential mentors will also be considered.

Location: Ljubljana, Portorož

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment.

In accordance with instructions in the joint part of the Call, enrolment candidates must apply via the eVŠ web portal by **19 August 2022, 23:59 CEST**.

Enrolment will be conducted electronically via the Faculty of Civil and Geodetic Engineering's website and will be completed by **30 September 2022 at the latest**.

Prior to enrolment, candidates are required to choose a mentor and a co-mentor, who must meet the criteria set out by the University of Ljubljana as regards (co-)mentorship in doctoral studies, and submit, upon enrolment at the latest, the mentor's and co-mentor's written consent. Candidates are also required to submit their brief concept of research work and must do so by enrolment at the latest.

The selection procedure will be done by the Programme Council Environmental Protection on its session scheduled for 6 September 2022. Applicants will be notified of the decisions by e-mail or on the eVŠ web portal after the session of the Programme Council.

All other enrolment-related information will be published on the website of the Environmental Protection study programme: <https://www.uni-lj.si/study/doctoral/environmental-protection/application/call-ep>.

21. Interdisciplinary doctoral programme in MATERIALS SCIENCE AND ENGINEERING,

offered by the University of Ljubljana **Faculty of Natural Sciences and Engineering**, Aškerčeva cesta 12, 1000 Ljubljana, in cooperation with the following member faculties of the University of Ljubljana:

- **Faculty of Chemistry and Chemical Technology**, Večna pot 113, 1000 Ljubljana
- **Faculty of Mathematics and Physics**, Jadranska ulica 19, 1000 Ljubljana.

Scientific fields:

- Materials
- Metallurgy
- Mining and Geotechnology

More information at:

<https://www.ntf.uni-lj.si/omm/en>

Number of enrolment places: 15 – in total for citizens of the Republic of Slovenia, citizens of EU Member States, Slovenians without Slovenian citizenship and foreign citizens

Official length of programme: 4 years

Admission requirements:

Enrolment in the doctoral study on materials is open to candidates who have completed:

- a second-cycle study programme (Bologna master's programme);
- an integrated master's programme leading to professions regulated by EU directives, if they are evaluated at 300 ECTS credits, or another integrated master's programme evaluated at 300 ECTS credits;
- a former study programme leading to an academic higher education qualification;
- a study programme leading to a specialisation, if candidates have previously completed a professional higher education programme; in this case for enrolment in the third-cycle programme they will be assigned additional course units totalling 30 to 60 ECTS credits;
- a former study programme leading to a master of science degree or a specialisation following the completion of a study programme leading to an academic higher education qualification. Course units totalling at least 60 ECTS credits are recognised for such candidates in the third-cycle doctoral study programme.

Selection criteria in the event of restricted enrolment:

In the event of a larger number of candidates, the selection process will be based on:

- grade point average or academic success so far (60%)
- any scientific/research and professional publications, awards, and relevant practical experience (40%).

Candidates with the highest score will be selected.

Location: Ljubljana

Mode of study: part-time

Procedures and deadlines for application to the Call and enrolment:

In accordance with the instructions in the joint part of the Call, enrolment **candidates must apply on the eVŠ web forum.**

The first enrolment deadline is 1 September 2022, 23:59 CEST.
