Mladi raziskovalec (MR) bo vpisan v doktorski študij Teologije na Teološki fakulteti v Ljubljani in bo deloval v raziskovalnem programu Etično religiozni temelji in perspektive družbe ter religiologija v kontekstu sodobne edukacije in nasilje (P6-0269). MR bo imel možnost sodelovanja s tujimi univerzami, s katerimi ima TEOF UL podpisane pogodbe o sodelovanju.

Temeljno vprašanje programa je najti odgovore na nasilje v njegovih zgodovinskih izviroh, v njegovem učinkovanju v sodobni družbi in o tem, kakšne so možne smeri in domet razvoja nasilja v prihodnosti. Vprašanje raziskujemo interdisciplinarno: teološko, filozofsko, zgodovinsko, sociološko in tudi psiho-terapevtsko. Cilj programa je, pojasniti skrivnost nasilja, blažiti njegove rane nastale v preteklosti in danes, pa tudi ustvarjati kulturne oblike, ki človeka odvrtačajo od nasilja in ga vodijo k miru. Raziskave se predvsem osredotočajo na evropski in slovenski prostor. MR si bo izbral temo svoje raziskave v tem okviru; v tem prostoru bo imel možnost študijske izmenjave.

Potek raziskovanja in študija:

1. leto

- konzultacije in izpolnitev vseh študijskih obveznosti iz vpisanega letnika
- samostojno zbiranje in študij literature v zvezi s temo, opredelitev tematike doktorske disertacije in priprava dispozicije
- priprav prvih preglednih raziskovalnih rezultatov v obliki znanstvenega članka v indeksirani reviji

2. leto

- konzultacije in izpolnitev vseh študijskih obveznosti iz vpisanega letnika
- prvi osnutki disertacije na osnovi samostojnega študija in poglobljanja zbrane literature na osnovi pripravljene dispozicije
- pisanje izvirnega znanstvenega članka

3. leto

- konzultacije
- dokončevanje svojih raziskav in začetek dokončnega oblikovanja disertacije na podlagi poglobitve in razširitve raziskane literature in raziskovalnega področja
- asistenca v študijskih programih 1. stopnje

4. leto

- konzultacije
- redakcija disertacije, oddaja v ocenjevanje, popravljanje, dokončna redakcija in zagovor
- priprava disertacije za knjižno izdajo
- asistenca v študijskih programih 1. stopnje

Ob predpisanem programu se bo MR udeleževal mednarodnih in domačih konferenc in posvetov na temo raziskave. Sodeloval bo tudi v pripravi konferenc in publikacij programske skupine. Del svojega študija bo preživel v tujini na raziskovalni ustanovi, s katero ima TEOF UL sklenjeno pogodbo o izmenjavi.

The chosen MR will be enrolled in the doctoral study program in Theology (Faculty of Theology, University of Ljubljana) and will participate in the research program »*Ethical-religious grounds and perspectives of the society and the religious studies in context of education and violence (P6-0269)*«. The MR will have the opportunity to collaborate with foreign universities which have a signed bilateral contract with the Faculty of Theology.

The main task of the program is to find answers to violence in its historical origins and in its effect on modern society, and also answers and to possible ways of development of violence in the future. The goal of the program is to explain the mystery of violence, to cure its wounds in the past and today, and moreover to develop cultural forms which discourage from violence and lead to peace. Research is primarily focused on Europe and Slovenia. The MR will choose the topic of his research in this field; there will be possibilities of student mobility.

Research and study:

Year 1:

- consultations, fulfillment of all requirements of the 1st year of study
- individual study and research work (searching for sources and literature, preparation of the relevant topic and draft of the doctoral dissertation).
- preparation of first research results – scientific paper in an indexed scientific journal

Year 2:

- consultations fulfillment of all requirements of the 2nd year of study
- first draft of doctoral dissertation on the basis of individual study and research work and processing of sources and literature on the basis of a prepared draft of the doctoral dissertation
- writing of an original scientific paper

Year 3:

- consultations, fulfillment of all requirements of the 3rd year of study
- conclusion of research work; final phase of doctoral dissertation (deepening and widening of sources, literature and research field)
- teaching assistant in 1st cycle study programs

Year 4:

- consultations
- edition of the doctoral dissertation, evaluation of the doctoral dissertation, revision of the doctoral dissertation, final edition and defence of the doctoral dissertation
- preparation of the doctoral dissertation to be published
- teaching assistant in 1st cycle study programs

The MR will also participate in international conferences abroad and in Slovenia, connected to his research field. He will participate in the preparation of conferences and publications of the research program group. A part of his study will be carried out abroad at an university the Faculty of Theology has signed a bilateral agreement of mobility with.
